ego and spirit both speak profoundly within our lives can you hear what they are saying to you
these two voices are the main energies that rise up and give shape to our thoughts feelings
behaviors and physical health as we go about meeting lifes challengessuch as change
adversity stressors conflicts relationships self esteem achievement and our ability to

experience genuine happiness the voice of an unconscious imbalanced ego is unfortunately the one we more often hear and heed leading us into a lesser version of ourselves the two voices within balancing the energies of ego and spirit to enhance your life invites you to more clearly hear what both of these voices are saying so that you can speak with more of your true voice and recognize the one voice of the universe this awakening will enable you to be the best version of yourself and optimally meet life's challenges

although there are numerous technical scientific books on breast cancer in the global bibliography such books deal exclusively with the nature of the disease in majority populations of the western societies with little or no reference to the nature of the disease in the minority populations in such societies similarly the nature of breast cancer in black women of the less privileged societies and in women of ethnic groups living in countries of similar socio economic status is virtually unknown for various epidemiological reasons breast cancer incidence is rapidly increasing in these countries more so than currently is the case in developed countries thus the global burden of cancer is shifting gradually to these areas of the world and may equal or even surpass the breast cancer burden in the western societies within the foreseeable future this book is unique because it bucks the trend of virtually all other breast cancer books by addressing specifically the breast cancer experience of women of african descent and their lifestyle counterparts in other societies of the world
