this volume was conceived as a tribute to fred fiedler in honor of his fortieth year of research and scholarship in the study of leadership and organizational effectiveness fiedler s contributions to this field have been of such magnitude that the term paradigm shift does not seem out of place in describing them as harry triandis points out in his chapter in this book the study of leadership can be fairly divided into before and after fiedler s introduction of contingency theories the realization that leadership effectiveness depends on the interaction of qualities of the leader with demands on the situation in which the leader functions made the simplistic one best way approaches of earlier eras obsolete the implication of contingency notions spread like sonic waves throughout the field of organizational studies publisher description

in this fully updated eight edition of leadership theory and practice a new chapter on followership examines the central role followers play in the leadership process and unpacks the characteristics of both effective and ineffective followers the new edition also includes a new ethical leadership style questionnaire and new coverage on the dark side of leadership and destructive leadership adopted at more than 1600 institutions in 89 countries and translated into 13 different languages this market leading text successfully combines an academically robust account of the major theories and models of

leadership with an accessible style and special emphasis on how leadership theory can inform leadership practice peter g northouse uses a consistent structure for each chapter allowing students to easily compare and contrast the various theories case studies and questionnaires provide students with practical examples and opportunities to deepen their personal understanding of their own leadership

the handbook of leadership theory and practice seeks to bridge this disconnect based on the harvard business school centennial colloquium â œleadership advancing an intellectual disciplineâ and edited by harvard business school professors nitin nohria and rakesh khurana this volume brings together the most important scholars from fields as diverse as psychology sociology economics and history to take stock of what we know about leadership and to set an agenda for future research

for 15 years and through two editions this handbook has been indispensable for serious students of leadership now in this third edition bass introduces a decade of new findings on the newest theories and models of leadership with over 1 200 pages of essential information bass stogdill s handbook of leadership will continue to be the definitive resource for managers for years to come

praise for the first edition at last a well written balanced and insightful british book on leadership it is probable that every theory and assertion of consequence is commented upon a real tour de force emeritus professor gerry randell university of bradford school of management theory and practice of leadership is an all encompassing global review of examples

and case studies that is both comprehensive and easily adaptable to almost any situation one would encounter in leading people richard j conwell nova southeastern university journal of applied management and entrepreneurship if you are looking for a more holistic and critical take on the field of leadership look no further the second edition of this engaging and highly respected text offers an exploration of leadership in a variety of contexts both profit orientated and non profit new to this edition refined to capture and delineate the essential theories more clearly with broader coverage taking in the latest developments in areas such as change politics assessment and development of leadership and multiple intelligences further development of a new integrative model of core leadership themes and practices abundant examples and illustrations together with detailed explanations of how they apply in practice a companion website with an instructor s manual powerpoint slides links to additional case studies and full text journal articles theory and practice of leadership will prove a highly stimulating read for undergraduate and postgraduate students of leadership and related subjects as well as management consultants and practising managers
