five great stories from one of the most quintessentially russian of writers nikolai leskov in the best of leskov s stories as in almost no others apart from those of gogol we can hear the voice of nineteenth century russia an outsider by birth and instinct leskov is one of the most undeservedly neglected figures in russian literature he combined a profoundly religious spirit with a fascination for crime an occasionally lurid imagination and a great love for the russian vernacular this volume includes five of his greatest stories including the masterful lady macbeth of mtsensk nikolai semyonovich leskov was born in 1831 in gorokhovo oryol province and was orphaned early in 1860 he became a journalist and moved to petersburg where he published his first story he subsequently wrote a number of folk legends and christmas tales along with a few anti nihilistic novels which resulted in isolation from the literary circles of his day he died in 1895 david mcduff is a translator of russian and nordic literature

his translations of nineteenth and twentieth century russian prose classics including works by dostoyevsky tolstoy bely and babel are published by penguin

it is difficult to overstate the importance of personal consumption both to individual consumers and to the economy while consumer are recognized as valuing market goods and services for the activities they can construct from them in the frameworks of several disciplines consequences of the characteristics of goods and services they use in these activities have not been well studied in the discourse to follow i will contrast knowledge yielding and conventional goods and services as factors in the construction of activities that consumers engage in when they are not in the workplace consumers will be seen as deciding on non work activities and the inputs to these activities according to their objectives and the values and cumulated skills they hold i will suggest that knowledge content in these activities can be efficient for consumer objectives and also have important externalities through its effect on productivity at work and economic growth the exposition will seek to elaborate these points and contribute to multi disciplinal dialogue on consumption it takes as its starting point the contention that consumption is simultaneously an economic and social psychological process and that integration of content can contribute to explanation
