In this book Patrick Lynn Rivers asserts that states govern racist hate by governing racial constructs Rivers maintains that state practices used to govern hate and race in both the United States and South Africa do not make citizens safer even as the United States markets itself as a melting pot of cultures and South Africa touts its status as the new multicultural city on a hill in effect the regulatory practices of the neoliberal state aid in the redirection of responsibility for the eradication of racist hate away from the nation and toward the hated leaving unaddressed the systemic causes of hate in line with emerging scholarship on hate but also taking advantage of the perspective that comparative analysis makes possible Rivers advocates a particular brand of progressive activism for a socially engaged state and citizenry where race is central and racism is not anomalous

John Pilger is one of the world's pre-eminent investigative journalists and documentary film makers his best-selling books of reportage which include *Heroes and Hidden Voices* have in the words of Noam Chomsky been a beacon of light in often dark times in *Freedom Next Time* he looks at five countries in each of which a long struggle for freedom has taken place in each the people having shed blood and dreams are still waiting in Afghanistan Iraq and South Africa there has been the promise of hope and even an official freedom but the reality of these divided societies is that they are still waiting for real freedom in Palestine the cycle of violence continues with no resolution in sight and the island of Diego Garcia in the Indian Ocean is a microcosm of the ruthlessness of great powers the island was sold by the British to the American military in the 1960s the indigenous population descended from slaves were forcibly removed to the slums of Port Louis in Mauritius they have continued to fight for the return of their homeland ever since three years ago the High Court granted them the right of return but this has subsequently been blocked the island remains the US's third biggest military base a base from which they are able to launch attacks against the Middle East once again John Pilger gives a voice to the people living through these momentous times and in gripping detail shows us the lives behind the headlines
