more than 1200 smart effective and practical resources for home education on the internet and beyond

consists of descriptive listings of commercially published tests it serves as a comprehensive index to all the mental measurement yearbooks published to date

the current trend toward machine scoring of student work ericsson and haswell argue has created an emerging issue with implications for higher education across the disciplines but with particular importance for those in english departments and in administration the academic community has been silent on the issue some would say excluded from it while the commercial entities who develop essay scoring software have been very active machine scoring of student essays is the first volume to seriously consider the educational mechanisms and consequences of this trend and it offers important discussions from some of the leading scholars in writing assessment reading and evaluating student writing is a time consuming process yet it is a vital part of both student placement and coursework at post secondary institutions in recent years commercial computer evaluation programs have been developed to score student essays in both of these contexts two year colleges have been especially drawn to these programs but four year institutions are moving to them as well because of the cost savings they promise unfortunately to a large extent the programs have been written and institutions are installing them without attention to their instructional validity or adequacy since the education software companies are moving so rapidly into what they perceive as a promising new market a wider discussion of machine scoring is vital if scholars hope to influence development and or implementation of the programs being created what is needed then is a critical resource to help teachers and administrators evaluate programs they might be considering and to more fully envision the instructional consequences of adopting them and this is the resource that ericsson and haswell are providing here

consists of descriptive listings of commercially published tests it serves as a comprehensive index to all the mental measurement yearbooks published to date

this volume describes how esol tests and test users have changed greatly in the past

few decades some widely used esol tests have been revised with a number of new tests incorporating advances in computer technology in addition many more esol practitioners than in the past are responsible for selecting and using tests stephen stoyoff and carol a chapelle introduce teachers and administrators to the principles methods and vocabulary of language assessment twenty one reviewers of esol tests consider test purpose methods and justification of their use in particular situations
