technically speaking talks on technical diving volume 1 genesis and exodus is the latest book from best selling scuba series author simon pridmore it is a series of themed talks telling the early history of technical diving where it came from how it developed how it expanded across the world who the important movers were and how in the decade from 1989 to 1999 the efforts of a few determined people changed scuba diving forever these ten years saw the greatest shake up the sport has ever seen but technical diving s road to universal acceptance was anything but smooth many obstacles had to be overcome and there were times when even viewed in retrospect it seemed that its advocates might fail in their mission ultimately success came down to perseverance people power good timing and more than a little luck technical diving trailblazer kevin gurr comments simon has completed a complex task with consummate skill and has accurately unravelled the when s the who s and some of the why s much of which would have been unjustifiably lost in the mists of time if not for this work thank you simon for capturing the memory of lost and surviving friends for detailing one of diving s

most pioneering eras and for helping others and myself remember how much fun it all was and oztek and tekdiver convenor david strike writes charting the growth and development of an aspect of diving that ranks as one of the most important in the entire history of underwater developments and with comprehensive and detailed appendices simon pridmore's technically speaking breaks the mould of dry as dust historical reference works it sets the record straight on many of the myths and misconceptions that continue to surround the development of technical diving and does so in an engaging way author simon pridmore has been at the sharp end of the scuba diving industry for 30 years working as a guide divemaster instructor instructor trainer and instructor trainer trainer in the 1990s he pioneered mixed gas deep diving in asia first with mandarin divers in hong kong and later through his own shop in guam professional sports divers the first dedicated technical diving centre in the western pacific he also held the regional franchise for iantd with technical diving operations in such exotic locations as bikini atoll majuro palau kosrae and truk lagoon he then moved to the united kingdom and became the iantd licensee there as well as working for cutting edge mixed gas computer and rebreather manufacturers vr technology today he is one of scuba diving's most prolific writers with a five volume scuba series several guides for travelling divers a biography a novel and even a couple of divers cookbooks to his name he and his wife sofie currently live in taiwan find out more about simon and his books at his website [simonpridmore.com](http://simonpridmore.com) or via his substack newsletter scuba conversational

intended for the traveler who aims to remain healthy and active while in the yucatan peninsula this guide offers a directory of health care and recreation facilities in 10 of the region's most popular destinations it also includes city maps emergency information a pharmaceutical guide and translations of common spanish medical terms

reflect new course content and instructor tips

discover the pioneering days of spearfishing and scuba diving read about the sports early spearmen and women and the founding fathers of scuba diving in australia this book takes you month by month from 1917 to 1997 through the good and bad times the discoveries the tragedies the undersea explorations as well as instructor organizations diving achievers and a number of important events which together comprise the history of underwater diving in australia within the pages of this book is a large section dealing with the chronicle of sport diving events reported as though they had recently happened recapturing all the important occurrences that took place during 80 years since alex wickham first speared fish in sydney harbour special features include newspaper reports of early spearfishing the establishment of the first spearfishing association in 1948 and the appearance of the first home made scuba regulator there are thrilling and sometimes tragic stories of shark attacks a woman skin diver was lost at sea for nearly three

days and nights and survived there is the story of australias first and so far only world champion spearfisherman and that of two scuba divers who swam with a white pointer shark for half an hour in open water yet were not attacked by the beast the devastating deaths of four scuba divers in a sinkhole at mt gambier the rapid advance of underwater technology in australia and much more this is the only book of its kind dealing with the history of spearfishing and scuba diving in this country for some it will bring back old memories for others a readable and authoritative history of spearfishing and scuba diving in australia for every diver man or woman it cannot fail to stir emotions as it recaptures exciting and historical events at the end of the second world war a frenchman michel calluaud brought plans of the gagnan cousteau regulator to australia and he built one of the first in the world here australians could then use this equipment for work and pleasure and it has furthered their knowledge of life in the sea as we push beyond the boundary of seashores and venture further under water we begin to discover many things that were once beyond our grasp and it is the aqualung that has enabled us to journey beyond the confinements of land the history of spearfishing and scuba diving in australia not only deals with the scuba diving but also as the title suggests with a wealth of information concerning spearfishing and related underwater activities
