artists of any ilk can be extremely opinionated when it comes to what they do how they do it and what it might mean sculptors are no exception modern sculpture artists in their own words presents a selection of manifestos documents statements articles and interviews from more than ninety subjects including an ample selection of contemporary sculptors with this book editor douglas dreishpoon defers to sculptors whose varied points of view illuminate the medium s perpetual transformation from object to action concept to phenomenon over the course of two centuries each chapter progresses in chronological sequence to highlight the dominant stylistic philosophical and thematic threads that unite each kindred group the result is a distinctive artist centric history and survey of sculpture that showcases the expansive dimensions and malleability of the medium

examines the materialistic and psychological factors responsible for dominant trends in twentieth century sculpture

in many anthologies of art sculpture is given short shrift in relation to other media if it is treated at all modern sculpture reader aims to rectify this situation by presenting a collection of important texts that have defined sculpture s radically changing status and role since the end of the nineteenth century a time marked by a general reappraisal of the forms and functions of art from the rigorously theoretical to the experimental and poetic modern sculpture reader offers a lively discourse on the

medium by a range of artists writers critics and poets marcel duchamp louise bourgeois claes oldenberg andré breton ezra pound and clement greenberg in a variety of genres poems lectures transcribed interviews newspaper and magazine articles and artists statements these diverse text selections offer valuable insight into the development of the critical language of sculpture and its connections to other media in an era of increasingly conceptual artistic practice many of the essays highlight key ongoing concerns such as sculpture's physical properties and conditions of display both of which have important implications for the viewer's tactile and emotional interaction with sculptural works

birth of modern sculpture delves into the revolutionary period when artists redefined sculpture breaking from classical traditions to embrace innovation the book explores this transformation highlighting how sculptors responded to societal shifts and technological advancements leading to the birth of entirely new forms of artistic expression notably the rise of steel production and welding provided unprecedented possibilities and the decline of traditional patronage challenged established norms the book examines the rejection of academic conventions the embrace of new materials and the exploration of abstraction beginning with 19th century traditions it progresses through the influence of early modern sculptors like auguste rodin and avant garde movements such as cubism and futurism ultimately the book analyzes the rise of constructivism and non representational forms revealing how sculptors moved beyond mere imitation this exploration provides a comprehensive overview of a pivotal period in art history offering new insights into the forces that shaped modern sculpture

since 1945 the modern revolution in sculpture has gathered pace and sculpture has now ceased to be the fixed category it once was in recent decades the modernist idea of sculpture across the uk america and europe has been challenged and issues such as nationality and politics have been brought in to the arena of public discussion in this ground breaking account of the development of post war sculpture andrew causey examines innovative and avant garde works in relation to contemporary
