Illinois. Interagency Coordinating Committee on Groundwater

this book covers two lesser known but important members of the italian mafia the ndrangheta and the sacra corona unita
italian criminal organizations in particular mafia are one of the most commonly researched organized crime groups
usually focusing on the sicilian mafia cosa nostra or the neapolitan mafia camorra however italy has other two other
mafias one in apulia sacra corona unita and the other in calabria ndrangheta although an extensive literature is available

on cosa nostra and camorra less is known about the other two organizations particularly their operations in the united states territory is one of the most important elements in the mafia because the criminal organization operates its signoria territoriale controlling every illegal activity in its sphere of action this territorial power goes beyond the italian boundaries reaching the united states of america and other non european countries with the mere aim of developing their drug weapon deals and money laundering businesses mafia therefore is not a uniquely italian phenomenon as it might appear but a worldwide phenomenon affecting many societies and economies this unique volume is its interest into a field as yet completely provides new information about the ndrangheta and sacra corona unita written by an interdisciplinary group of italian scholars it covers organizational hierarchic and operative aspects that is the role that they have in politics in their own families in business relations in italy and abroad it also highlights the particular role that cosa nostra and camorra had in their development this work will be of interest to criminology researchers studying organized crime corruption money laundering and trafficking as well as researchers from related fields such as political science economics and international relations

the rise of nationalist populism explores the intersection between populism and nationalism conducted through the discursive analysis of three populist radical right parties that have gained prominence during the 2010s rassemblement national france lega italy and vox spain due to its rise in europe the united states and further afield there is a growing interest in right wing populism an exclusionary and illiberal form of populism that has been able to attain success in several countries this book contributes to the analysis of how populism understood as a way of constructing the political is shaped by the ideologies that permeate it it examines how a certain form of nationalism is shaped by populist dynamics that is by a certain form of identity building the book analyses the intersection between nationalism and populism in right wing populist parties by using a discourse analysis methodology based on ernesto laclau s works thus conducting an examination similar to the ones presented by the essex school of discourse analysis the empirical analysis focuses on party literature and carefully selected candidate speeches at a national level for its three case studies as well as providing an overarching comparison the book shows how the economic crisis and the irruption of issues related to sovereignty and national identity arising in france italy and spain paved the way for the emergence of their respective right wing populist forces the book will appeal to researchers and students of political science especially those with an interest in populism discourse analysis identity and the far right

this book estimates the proceeds of crime and mafia revenues for different criminal markets such as sexual exploitation

drugs illicit cigarettes loan sharking extortion racketeering counterfeiting illicit firearms illegal gambling and illicit waste management it is the first time that scholars have adopted detailed methodologies to ensure the highest reliability and validity of the estimation overall estimated proceeds of crime amount to 22.8 billion 1.5% of the Italian GDP of this up to 10.7 billion 0.7% of the GDP may be attributable to the Italian mafias these figures are considerably lower than the ones most frequently circulated on the news without any details about their methodology which were defined by a UN study as gross overestimates far from underestimating criminal revenues the results of this study bring the issue of the proceeds of crime to an empirically based debate providing support for improved future estimates and more effective policies the volume's contributions were inspired by a project awarded by the Italian Ministry of Interior to TransCrime which produced the first report on mafia investments investmentioc it this book was originally published as a special issue of *Global Crime*

whilst corruption and organized crime have been widely researched they have not yet been specifically linked to sport corruption mafia power and Italian soccer offers an original insight into this new research area adopting a psycho-social approach based mainly on Pierre Bourdieu's praxeology the book demonstrates that corruption and the mafia presence in Italian soccer reflect the Italian socio-political and economic system itself supported by interviews with security agency officials anticorruption organisations and antimafia organisations and analysing empirical data obtained from a case study of Operation Dirty Soccer this important study explains why mafia groups are involved in soccer what the links are to political corruption and what might be done to control the problem it also examines the mechanisms that make it possible for mafia groups and affiliates to enter the football industry and discusses how mafia groups exploit and corrupt Italian football this is important reading for undergraduate and postgraduate students researchers and academics working in the areas of sociology criminology policing anthropology the sociology of sport sport deviance sport management and organised crime it is also a valuable resource for practitioners in the football industry

the definition of organised crime has long been the object of lively debate at national and international level sociological and legal analysis has not yet led to one definitive answer to the question of what exactly organised crime means nonetheless many instruments adopted both at international and national levels set forth special legal regimes designed to target criminal groups featuring a stable organisation which are perceived as particularly dangerous to society therefore identifying the notion of organised crime is crucial to establishing the scope of any legal instrument specifically designed for combating it the aim of this book is to reassess the scope the effectiveness and the overall coherence of existing definitions of organised crime and to identify any need for a reconsideration of these definitions specifically with reference

to the eu legal order it will be of interest to academics practitioners and legislators working in the sphere of eu criminal law and of organised crime more generally

the springer handbook of augmented reality presents a comprehensive and authoritative guide to augmented reality ar technology its numerous applications and its intersection with emerging technologies this book traces the history of ar from its early development discussing the fundamentals of ar and its associated science the handbook begins by presenting the development of ar over the last few years mentioning the key pioneers and important milestones it then moves to the fundamentals and principles of ar such as photogrammetry optics motion and objects tracking and marker based and marker less registration the book discusses both software toolkits and techniques and hardware related to ar before presenting the applications of ar this includes both end user applications like education and cultural heritage and professional applications within engineering fields medicine and architecture amongst others the book concludes with the convergence of ar with other emerging technologies such as industrial internet of things and digital twins the handbook presents a comprehensive reference on ar technology from an academic industrial and commercial perspective making it an invaluable resource for audiences from a variety of backgrounds
