money having to study all over again because you didn't get effective studying in you want to accelerate your education not miss opportunities for starting your future career in medical billing and coding every year thousands of people think that they are ready for the cpc certified professional coder exam but realize too late when they get their score back that they were not ready at all they weren't incapable and they certainly did their best but they simply weren't studying the right way there are a variety of methods to prepare for the cpc exam and they get a variety of results trivium test preps cpc study guide provides the information secrets and confidence needed to get you the score you need the first time around losing points on the cpc exam can cost you precious time money and effort that you shouldn't have to spend what is in the book in our cpc study guide you get the most comprehensive review of all tested concepts the subjects are easy to understand and fully explained example questions to ensure that you master the material best of all we show you how this information will be applied on the real exam 150 cpc practice questions just like the ones on the real test are included with full rationales and explanations so that you can know without a doubt that you are prepared our study guide is streamlined and concept driven not filled with excess junk silly attempts at humor or confusing filler so you get better results through more effective study time why spend days or even weeks reading through meaningless junk trying to sort out the helpful information from the fluff we give you everything you need to know in a concise comprehensive and effective package

the cpc exam is comprised of 150 multiple choice questions the test takes five hours and 40 minutes to complete making it fairly rigorous there are two breaks in the middle of the test the cpc exam costs 300 to take but only 260 if the test taker is a member of the aapc annual dues are 125 for individuals and 70 for students the cpc exam thoroughly tests a coder's grasp of the entire coding process from medical terminology to code sets and beyond per the aapc's website the cpc exam covers 24 subject areas including anesthesia radiology and medicine you should recognize a number of these like evaluation and management or radiology as sections of the cpt code manual others like anatomy and physiology are parts of the coder's everyday skill set you should note that the questions on the exam are not divided or identified by the topic they are related to that is questions on the cpc exam will test you on all of the above 24 fields of medical coding but they won't outright say this is an anesthesia question instead they'll just ask you about anesthesia or surgery or human anatomy during the test you'll be presented with a number of test cases pertaining to the practice of coding these test case questions will present you with a condensed medical report and ask you to select the correct set of codes from the answers below for instance a test case question might read sarah a 45 year old patient visits the doctor and presents symptoms including a sore throat swollen lymph nodes and a fever after performing a rapid strep test the doctor confirms a diagnosis of streptococcal sore throat the doctor prescribes an amoxicillin as an antibiotic which of the following are the correct codes for this

diagnosis procedure and prescription there are also general knowledge questions like which types of joints are synovial that don't have an attached test case that questions related to the musculoskeletal system but the test won't come right out and say so you'll have to rely on your knowledge of code sets medical terminology best practices and the coding process in general to pass individuals who earn a score of 70 percent or better 105 correct questions will pass the cpc exam if you fail your first test you are allowed one free retake getting certified once you pass the cpc exam you are not officially certified by the aapc until you fulfill a few other criteria in order to complete a cpc certification you must become a member of the aapc certification is also limited to coders with two years of professional experience or those willing to complete an apprentice program as such the cpc exam is recommended for individuals who have already started their coding career that won't prevent us from going over the basics of this important exam
