the routledge companion to humanism and literature provides readers with a comprehensive reassessment of the value of humanism in an intellectual landscape offering contributions by leading international scholars this volume seeks to define literature as a core expressive form and an essential constitutive element of newly reformulated understandings of humanism while the value of humanism has recently been dominated by anti humanist and post humanist perspectives which focused on the flaws and exclusions of previous definitions of humanism this volume examines the human problems dilemmas fears and aspirations expressed in literature as a fundamentally humanist art form and activity divided into three overarching categories this companion will explore the histories developments debates and contestations of humanism in literature and deliver fresh definitions of the new humanism for the humanities this focus aims to transcend the boundaries of a world in which human life

is all too often defined in terms of restrictions political economic theological intellectual and lived in terms of obedience conformity isolation and fear the routledge companion to humanism and literature will provide invaluable support to humanities students and scholars alike seeking to navigate the relevance and resilience of humanism across world cultures and literatures

the first edition of architecture power and national identity published in 1992 has become a classic winning the prestigious spiro kostof award for the best book in architecture and urbanism lawrence vale fully has fully updated the book which focuses on the relationship between the design of national capitals across the world and the formation of national identity in modernity tied to this it explains the role that architecture and planning play in the forceful assertion of state power the book is truly international in scope looking at capital cities in the united states india brazil sri lanka kuwait bangladesh and papua new guinea

uncanny histories in film and media probes the uncanny as a mode of historical analysis whether writing about film movements individual works or the legacies of major or forgotten critics and theorists the contributors challenge our inherited narratives to reveal a disturbance of what was once familiar in the histories of our field

how does the production of performance engage with the fundamental issues of our advanced neo capitalist age andré lepecki surveys a decade of experimental choreography to uncover the dual meaning of performance in the twenty first century not just an aesthetic category but a mode of political power he demonstrates the enduring ability of performance to critique and subvert this power examining this relationship through five singularities in contemporary dance thingness animality persistence darkness and solidity exploring the works of mette ingvartsen yvonne rainer ralph lemon jérôme bel and others lepecki uses his concept of singularity the resistance of categorization and aesthetic identification to examine the function of dance and performance in political and artistic debate

the archive is often viewed as a collection of historical documents that records and orders information about people places and events this view nevertheless obscures a crucial point the archive whilst subject to the vagaries of time and history can also determine the future this point has gained urgency in modern day north africa and the middle east where the archive has come to the fore as a site of social historical theoretical and political contestation dissonant archives is the first book to consider the ways in which contemporary artists from the middle east and north africa including emily jacir walid raad jananne al ani basel abbas and ruanne abou rahme mariam ghani zineb sedira and akram zaatari are utilizing and disrupting the function of the archive and in so doing highlighting a systemic perhaps irrevocable crisis in institutional and state ordained archiving across the region in exploring and producing archives be they

alternative interrogative or fictional these artists are not simply questioning the authenticity authority or authorship of the archive rather they are unlocking its regenerative radical potential the result provides essential insights into the nexus between art and politics in the contemporary middle east

now thoroughly revised and updated the book discusses recent breakthroughs in media technology including such exciting advances as video discs and cassettes two way television satellites cable and much more
