this book will give teachers from all subject areas the confidence to explore the possibilities of drama in the classroom

suffering may be universal but it is not universally understood in this collection scholars from many nations and disciplines explore theoretical and practical approaches to understanding suffering as well as the ethics and effects of representing suffering in art and literature

social psychologists have studied beliefs and values and related constructs such as attitudes and prejudice for decades but as this innovative and interdisciplinary book convincingly demonstrates the scientific examination of beliefs and values now influences research and practice across a range of disciplines specifically this edited volume explores the many cutting edge implications and applications of equilintegration or ei theory and the beliefs events and values inventory bevi grounded in twenty years of research and practice ei theory seeks to explain the processes by which beliefs values and worldviews

are acquired and maintained why their alteration is resisted and under what circumstances they are modified based upon ei theory the bevi is a comprehensive analytic tool which examines how and why we come to see ourselves others and the larger world as we do as well as the influence of such processes on multiple aspects of human functioning edited by the developer of the ei model and bevi method and informed by contributions from leading u s and international scholars this book features captivating research findings and pioneering practice applications research focused chapters explain how the ei model and bevi method increase our conceptual sophistication and methodological capacity across a range of areas culture development environment gender personality politics and religion practice oriented chapters demonstrate how the bevi is used in the real world across a range of applied domains assessment education forensics leadership and psychotherapy written in an accessible and engaging manner this fascinating and timely volume speaks to many of the most pressing issues of our day by illuminating why we believe what we believe and demonstrating how our beliefs and values may be assessed explained and transformed in the real world key features presents an interdisciplinary theoretical model and innovative assessment method derived from two decades of work on the etiology maintenance and transformation of beliefs and values features contributions from leading scholars from the u s and internationally demonstrating the many implications and applications of this cutting edge approach for research and practice demonstrates the importance of making sense of beliefs and values in addressing many of the most pressing issues of our day

grounded in the sister disciplines of sociology and anthropology this textbook is an accessible and critical introduction to contemporary social research alex khasnabish eschews the common disciplinary silos in favour of an integrated approach to understanding and practising critical social research situated in the north american context the text draws on cross cultural examples to give readers a clear sense of the diversity in human social relations it is organized thematically in a way that introduces readers to the core areas of social research and social organization and takes an unapologetically radical approach in identifying the relations of oppression and exploitation that give rise to what most corporate textbooks euphemistically identify as social problems focusing on key dynamics and processes at the heart of so many contemporary issues and public conversations this text highlights the ways in which critical social research can contribute to exploring understanding and forging alternatives to an increasingly bankrupt violent unstable and unjust status quo

the editors of making sense of death spiritual pastoral and personal aspects of death dying and bereavement provide stimulating discussions as they ponder the meaning of life and death this anthology explores the process of meaning making in the face of death and the roles of religion and spirituality at times of loss the profound and devastating experience of loss in the death of a spouse or a child a psychological model of spirituality the dimensions of spirituality humor in client caregiver relationships the worldview of modernity in contrast to postmodern assumptions the buddhist perspective of death dying and pastoral care meaning making in the virtual reality of cyberspace individualism and death and the historical context of native americans the concept of disenfranchised grief and its detailed application to the native american experience it also explores a qualitative survey on the impact of the shooting deaths of students in colorado a team approach with physicians nursing social services and pastoral care a study of health care professionals comparing clergy with other health

professionals marginality in spiritual and pastoral care for the dying a qualitative research study of registered nurses in the northeast united states and loss and growth in the seasons of life

this superb volume aims to incorporate cutting edge research designed to transcend the barriers between business and sport it explores the ways in which diversity can be suppressed by dominant forces it focuses on the organizational consequences of making sense and assigning meanings to diversity in sporting organizations paying particular attention to the different approaches used in europe and america it concludes with a discussion on their various successes and the ways in which these approaches can be combined to produced a coherent strategy for dealing with diversity in sporting organizations

this account of children s learning to ascribe understanding to themselves and others may help to explain children s theory of mind

examines many questions young people may have about god and christianity

one of our most admired and loved psychologists turns her attention to the essence of the good relationship and why we need enemies as well as friends
