the award winning bestselling author of while canada slept gives his view of a country wasted on canadians what is national character what makes the americans the british the french the russians and the chinese who they are in this homogenized world where globalization is a byword for a deadening sameness why do peoples who live in the same region use the same money read the same books and watch the same movies remain different from one another as much as canada may be seen as a copy clone or colony of america we are unquestionably distinctive it is a result of our geography history and politics it comes from our demography and prosperity most of all it comes from our character in the unfinished canadian andrew cohen delves into our past and present in search of our defining national characteristics he questions hoary shibboleths soothing mythologies and old saws with irreverence humour and flintiness unencumbered by our proverbial politeness itself a great misperception and our suffocating political correctness we are so much in so many shades and it s time we took an honest look at ourselves in this provocative passionate and elegant book cohen

argues that our mythology our jealousy our complacency our apathy our amnesia and our moderation are all part of the unbearable lightness of being canadian

kealey provides an overview of the study of workers in canada as well as in depth examinations of two of the field s leading scholars political economist clare pentland and marxist historian stanley bréhaut ryerson he analyses the development of canadian labour history in particular and social history in general and provides detailed empirical studies of the orange order in toronto printers and their unions the knights of labor and the canadian labour revolt of 1919 the collection concludes with three synthetic views of canadian working class history focusing on the labour movement the role of strikes and attempts by the state to manage class conflict workers and canadian history will be of great interest to students and scholars of canadian history labour history marxist and socialist theory and history and political science

when is a person mature enough to vote would lowering the voting age compromise political processes would giving people the vote stir them to greater involvement what would be the effect on other laws affecting youth what are the charter implications the studies in this volume uncover a wide range of opinion about young people and their involvement in politics the author point to the diversity of perceptions about the attitudes and attributes of youth even among young people themselves in considering the appropriate age for the vote they cast light on the overall status of young canadians in terms of rights laws institutions and public opinion raymond hudon and colleagues study political involvement by quebecois youth patrice garant investigates legal and charter implications of lowering the voting age jon pammett and john myles argue that lowering the voting ages to 16 would be a low risk initiative all concur that generalizing about 16 to 18 year olds is as difficult and questionable as making sweeping statements about any othe rage defined sociological group

there is a rich intellectual history to the development of anti colonial thought and practice in discussing the politics of knowledge production this collection borrows from and

builds upon this intellectual tradition to offer understandings of the macro political processes and structures of education delivery e.g. social organization of knowledge, culture, pedagogy, and resistant politics. The contributors raise key issues regarding the contestation of knowledge as well as the role of cultural and social values in understanding the way power shapes everyday relations of politics and subjectivity in reframing anti-colonial thought and practice. This book reclaims the power of critical oppositional discourse and theory for educational transformation. Anti-colonialism and education: the politics of resistance includes some of the most current theorizing around anti-colonial practice written specifically for this collection. Each of the essays extends the terrain of the discussion of what constitutes anti-colonialism. Among the many discursive highlights is the interrogation of the politics of embodied knowing, the theoretical distinctions and connections between anti-colonial thought and post-colonial theory, and the identification of the particular lessons of anti-colonial theory for critical educational practice. Essays explore such key issues as the challenge of articulating anti-colonial thought as an epistemology of the colonized anchored in the indigenous sense of collective and common colonial consciousness, the conceptualization of power configurations embedded in ideas, cultures, and histories of marginalized communities, the understanding of indigeneity as pedagogical practice, and the pursuit of agency, resistance, and subjective politics through anti-colonial learning.

Telling stories is an essential part of being human. We tell stories about ourselves to show other people who we are and where we belong. Nations have stories to tell too. Stories of peoplehood that build and maintain a sense of national belonging and identity. The concept has been used to analyse identities, memories, and histories of individuals, communities, and nations. But does it make sense to talk about peoplehood today? Can plural societies tell national stories without marginalizing their minorities? And is it even fair to assume that our individual self-narratives are coupled with shared cultural ones in narrating peoplehood amidst diversity? 16 internationally renowned scholars reflect on the nature and history of peoplehood and discuss how it forms part of national identities.

public culture and academic historiography based on theoretical analysis and empirical studies drawn from latinos in the united states and african immigrants in france and from multicultural stands in canada to grand narratives in danish history the book is a timely contribution to the ongoing debate on belonging and identification in multicultural societies

part off the new approach currently transforming the writing of canadian history this volume approaches the past in terms of people and the activities and events that shaped their existence the essays explore the roots of the radical tradition and outline the struggle against industrial capitalism between 1850 and 1925 essays in canadian working class history increases our understanding of the past provides a valuable perspective on present struggles and in a broader sense contributes substantially to a new and decisive synthesis of canadian history publisher
