the demo docs system of instruction replicates the classroom experience by providing more i get it moments outside of class we've talked to tons of poa instructors and our editors have even taken the accounting course numerous times to figure out the following issue in this course that is consistent students understand or get it right after you do a problem in class but as soon as they leave class with each passing hour their ability to do the problems again and complete their homework diminishes to the point of them either having to come to office hours to get help or they just quit and get behind in the course on top of this you can end up getting behind in the course as well in order to keep everyone on track the demo docs system helps to recreate the i get it moments outside of class keeping both you and the students on track

alert before you purchase check with your instructor or review your course syllabus to ensure that you select the correct isbn several versions of pearson s mylab mastering products exist for each title including customized versions for individual schools and registrations are not transferable in addition you may need a courseid provided by your instructor to register for and use pearson s mylab mastering products packages access codes for pearson s mylab mastering products may not be included when purchasing or renting from companies other than pearson check with the seller before completing your purchase used or rental books if you rent or purchase a used book with an access code the access code may have been redeemed previously and you may have to purchase a new access code access codes access codes that are purchased from sellers other than pearson carry a higher risk of being either the wrong isbn or a previously redeemed code check with the seller prior to purchase myaccountinglab is an online homework tutorial and assessment program that truly engages students in learning it helps students better prepare for class quizzes and exams resulting in better performance in the course and provides educators with a dynamic set of tools for gauging individual and class progress worked out solutions provide step by step explanations of specific problems using the exact numbers and data that were presented helping students understand how to arrive at the correct answers themselves a simulated excel environment enables students to learn and practice accounting while gaining hands on experience with the software they ll use in their future careers an adaptive learning study plan for each student continuously assesses performance in real time and personalizes content to reinforce concepts that target the student s strengths and weaknesses dynamic study modules offer personalized guidance and on point practice enabling students to learn faster and retain information longer real world accounting videos demonstrate course material in action and show how accounting will apply to students future careers
