while online learning continues to be a rapidly expanding field of research analyzing data allows educational institutions to fine tune their curriculum and teaching methods properly utilizing the data however becomes difficult when taking into account how socio technical systems are used the administration of those systems default settings how data is described and captured and other factors methods for analyzing and leveraging online learning data is a pivotal reference source that provides vital research on the application of data in online education for improving a system s capabilities and optimizing it for teaching and learning this publication explores data handling cleaning analysis management and representation as well as the methods of effectively and ethically applying data research tying together education and information science with special attention paid to informal learning online assessment and social media this book is ideally designed for educational administrators system developers curriculum designers data analysts researchers instructors and graduate level students seeking current research on capturing analyzing storing and sharing data analytic insights regarding online learning environments

accounting an introduction by atrill provides a clear and approachable introduction to accounting and finance for those seeking to understand the main concepts and their practical application to good decision making

this custom book is compiled from accounting 7th edition horngren harrison oliver fraser tan and willett for qut school of accounting

success in accounting begins here the technical details you need to know and decision making processes you need to understand with plain language explanations and the power of unlimited practice accounting is an engaging resource that focuses on current accounting theory and practice in australia within a business context it emphasises how financial decision making is based on accurate and complete accounting information and uses case studies to illustrate this in a practical way the new seventh edition is accurate and up to date guided by extensive technical review feedback and incorporating the latest australian accounting standards it also provides updated coverage of some of the most significant current issues in accounting such as ethics information systems and

sustainability

success in accounting begins here the technical details you need to know and decision making processes you need to understand with plain language explanations and unlimited practice financial accounting is an engaging resource that focuses on current accounting theory and practice in australia within a business context it emphasises how financial decision making is based on accurate and complete accounting information and uses case studies to illustrate this in a practical way the new 7th edition is accurate and up to date guided by extensive technical review feedback and incorporating the latest Australian accounting standards it also provides updated coverage of some of the most significant current issues in accounting such as ethics information systems and sustainability

the demo docs system of instruction replicates the classroom experience by providing more i get it moments outside of class we've talked to tons of POA instructors and our editors have even taken the accounting course numerous times to figure out the following issue in this course that is consistent students understand or get it right after you do a problem in class but as soon as they leave class with each passing hour their ability to do the problems again and complete their homework diminishes to the point of them either having to come to office hours to get help or they just quit and get behind in the course on top of this you can end up getting behind in the course as well in order to keep everyone on track the demo docs system helps to recreate the i get it moments outside of class keeping both you and the students on track

how many senior executives and managers are able to reach the top with little or no financial training they may have been appointed to the executive board as a result of their expertise in marketing hr sales or it yet every board member has a responsibility to make informed decisions on proposed financial actions decisions which inevitably affect the value of their business offering straightforward and practical advice creating financial value will equip those who are not financial specialists with the necessary knowledge not only to contribute fully to important discussions on policy and strategy but also to develop sound business proposals or to competently cross examine the proposals of others through examples from a range of business disciplines the book explains in simple digestible terms how a business creates financial value and how a non financial manager can confidently take an active role in the process once read the book will provide an essential resource that can be referenced time and again malcolm allitt punctures the myths surrounding shareholder value and looks behind the finance jargon to define the boundaries between what a non specialist should know and when it is good practice to

seek the advice of financial specialists this book is key reading for anyone from a non financial background who wants to execute their increasingly broad responsibilities competently and confidently without the need to become experts themselves
