discover the pivotal political military and cultural events that have shaped british and irish history from the earliest stone age settlers to the passing of queen elizabeth ii this edition includes over 700 photographs maps and artworks with accessible text history of britain and ireland is a resource for families students and anyone seeking to learn more about the fascinating story of the uk and ireland in this book you will find contemporary portraits and photographs alongside important artefacts maps and documents that bring all of the defining episodes of british and irish history to life pages including information about the celtic tiger brexit covid as well as the lives of queen elizabeth ii and prince philip chapters outlining the stone age medieval britain tudors and people and events that have shaped the history of britain and ireland spanning six distinct periods of british and irish history this book is the best way to discover how britain was transformed under norman rule fought two world wars in the 20th century and faced new economic challenges in the 21st century fully revised and updated this guide places key figures from alfred the great to winston churchill and major events from the roman invasion to the battle of britain in their wider context making it easier to learn how they influenced britain and ireland s development through the age of empire and into the modern era

this book is a study of british society it outlines the struggle for social change in britain today from a socialist and left wing perspective it considers the role of ideas in british politics british history and british society it argues that if britain is to become a better

society it needs to develop better ideas specifically the ideas of socialism

britain ireland and their surrounding areas have a remarkably varied geology for so small a fragment of continental crust this region contains a fine rock record from all the geological periods from quaternary back to cambrian and a less continuous but still impressive catalogue of events back through nearly 2500 million years of precambrian time this protracted geological history would have been interesting enough to reconstruct if it had been played out on relatively stable continental crust however britain and ireland have developed instead at a tectonic crossroads on crust traversed intermittently by subduction zones and volcanic arcs continental rifts and mountain belts the resulting complexity makes the geological history of this region at once fascinating and perplexing geological history of britain and ireland tells the geological story of the region at a level accessible to undergraduate geologists as well as to postgraduates professionals or informed amateurs the book takes a multi disciplinary rather than a purely stratigraphical approach and aims to bring to life the processes behind the catalogue of historical events full coverage is given to the rich precambrian and early palaeozoic history as well as to later events more relevant to hydrocarbon exploration the book is profusely illustrated and contains guides to further reading and full references to data sources making it an essential starting point for more detailed studies of the regional geology all british earth science undergraduates will be required to spend some time studying british geological history and this book will be the only one available to british undergraduates the book takes a process based approach rather than simply describing the regional stratigraphy lavishly illustrated with high quality diagrams

from highly experienced teacher jürgen kramer britain and ireland is a handbook on the history of the british isles that recounts the history of the two states the united kingdom of great britain and northern ireland and the republic of ireland eire and four nations the irish the welsh the scottish and the english from prehistory to the present accompanied by numerous illustrations and information boxes and also an extensive selection of documents with questions to challenge readers the book has a unique approach that presents not only the story of what happened in the british isles but its interdependence with europe and the rest of the world with chapters organized chronologically and including a glossary and selected further reading this is

a must for all students of british and irish studies

from highly experienced teacher jürgen kramer **britain and ireland** is a handbook on the history of the british isles that recounts the history of the two states the united kingdom of great britain and northern ireland and the republic of ireland eire and four nations the irish the welsh the scottish and the english from prehistory to the present accompanied by numerous illustrations and information boxes and also an extensive selection of documents with questions to challenge readers the book has a unique approach that presents not only the story of what happened in the british isles but its interdependence with europe and the rest of the world with chapters organized chronologically and including a glossary and selected further reading this is a must for all students of british and irish studies

contains the society s meetings proceedings etc

jeremy smith explores relations between britain and ireland during the late nineteenth and early twentieth century with a story that still raises deep passions and bitter disagreements both among historians and within wider public opinion this examination attempts to chart a more dispassionate course between the various contending positions and has enormous relevance to the unfolding events in both northern ireland and britain as the united kingdom moves towards a federal constitutional structure books in this seminar studies in history series bridge the gap between textbook and specialist survey and consists of a brief introduction and or background to the subject valuable in bringing the reader up to speed on the area being examined followed by a substantial and authoritative section of analysis focusing on the main themes and issues there is a succinct assessment of the subject a generous selection of documents and a detailed bibliography incorporates a large amount of research on irish history during the last two decades and gives particular focus to the dramatic events between the easter rising of 1916 and the intense negotiations surrounding the treaty in the autumn of 1921 for those interested in the history between ireland and britain
