this second edition of the handbook of victims and victimology presents a comprehensively revised and updated set of essays bringing together internationally recognised scholars and practitioners to offer substantial research informed overviews within their specialist fields of investigation this handbook is divided into five parts with each part addressing a different theme within victimology part i offers a scene setting exploration of new developments in the field enduring issues that remain relatively unchanged and the gaps and traps within the contemporary victimological agenda part ii examines of the complex dimensions to victim experiences as structured by gender age ethnicity

sexuality and intersectionality part iii reflects on the problems and possibilities of formulating policy responses in the light of the changing appreciation of the nature and extent of victimhood part iv focused on the value of a comparative lens and the problems and possibilities of victim policies when seen through this lens explored along three geographical axes europe australia and asia part v considers other ways of thinking about who counts as a victim and what counts as victimhood and extends the boundaries of the victimological imagination outward building on the success of the previous edition this book provides an international focus on cutting edge issues in the field of victimology including brand new chapters on intersectionality child victims sexuality hate crime and crimes of the powerful this handbook is essential reading for students and academics studying victims and victimology and an essential reference tool for those working within the victim support environment

this important new book on criminology is a major attempt to evaluate actual victim compensation programs as well as their political and economic contexts through the eyes of the victims themselves elias traces the experiences of violent crime victims throughout the entire criminal justice process comparing new york s and new jersey s victim compensation programs he shows how programs differ when compensation is viewed essentially as welfare and when it is viewed as a right the study uses extensive interviews with officials and with violent crime victims the study indicates victim compensation programs largely fail to achieve their stated goals of improving attitudes toward the criminal justice system and the government the programs produce poor attitudes toward government and criminal justice

many prosecutors and commentators have praised the victim provisions at the international criminal court icc as justice for victims which for the first time include participation protection and reparations this book critically examines the role of victims in international criminal justice drawing from human rights victimology and best practices in transitional justice drawing on field research in northern uganda luke moffet explores the nature of international crimes and assesses the role of victims in the proceedings of the icc paying particular attention to their recognition participation reparations and protection the book argues that because of the criminal nature and structural limitations of the icc justice for victims is symbolic requiring state parties to complement the work of the court to address victims needs in advancing an innovative theory of justice for victims and in offering solutions to current challenges the book will be of great interest and use to academics practitioners and students engaged in victimology the icc transitional justice or reparations

prior to the emergence of a victims movement in this country in the 1970s crime victims had only limited formal rights and remedies in the modern american justice system with the active encouragement of those involved in the victims movement and guidance supplied by a national task force on victims of crime convened by president reagan in 1982 federal and state authorization of crime victim rights and remedies has increased exponentially in recent years in fact it has been estimated that there are currently tens of thousands of statutes which directly or indirectly affect crime victim rights and interests as well as victim related constitutional provisions in a majority of states tobołowsky describes the constitutional and legislative provisions addressing the principal crime victim rights and remedies and leading judicial opinions that have interpreted them in addition to presenting the current state of law in this area the text describes the status of implementation of these rights and remedies relevant empirical research and a sampling of the pertinent policy analysis this comprehensive portrait of the past and current status of crime victims rights and remedies in this country will inform the continued evolution of law and practice in this area

a comprehensive introduction to all the key topics criminological theories and important themes that students will cover when studying criminology and criminal justice

although historically ignored crime victims are now very firmly on the map for politicians newspapers the media and the public at large criminal injury and loss are a source of constant concern and anxiety criminologists and media analysts have studied much of this concern in recent years but what has not been investigated is how communities experience high profile crimes and the media intrusion that inevitably follows this book seeks to address this gap by exploring how the communities of soham and dunblane that witnessed high profile crimes lived with the tragic events at the time and the attention of the world s media afterwards based on a two year qualitative study of these communities this book looks beneath the surface of the relationships dilemmas and unexpected triumphs of communities struggling to come to terms with the most harrowing of events within the glare of the media spotlight combining empirical observations with media analysis and social theory this book offers something new to the criminological audience the concept of the victim community

this book aims to serve as a comprehensive resource for a myriad of crime and mental health topics and issues in the african criminal justice system from a psycho criminological perspective crime mental health and the criminal justice system in africa a psycho criminological perspective is an ideal primary text for courses in criminology criminal justice and forensic psychology as well as a source of reference for practitioners who deal with offenders or victims for a long

time african historiography has been viewed and interpreted from eurocentric perspectives this book is a timely contribution towards infusing afrocentric perspectives in african scholarship by indigenous scholars the authors interdisciplinary topical approach covering a gamut of topics ranging from african criminology through mental health and psychology to criminal justice systems has lent a decolonizing voice toward african literary pursuit and thereby laid a solid foundation for further research by other scholars i highly recommend it to readers academic institutions and researchers on africa emmanuel onyeozili ph d professor of criminology and criminal justice department of criminal justice university of maryland eastern shore usa this edited volume by an array of experts from west and southern africa has given a refreshing voice to psycho criminological narratives in the continent in a region of the world in which there is insufficient documentation of the patterns determinants and outcomes of criminal behaviour this book offers a culturally competent and contemporary flavour to an ancient discourse its focus on new areas of concern such as online dating scams kidnapping and the mental health of officials in the criminal justice system compellingly captures the potential reader and gives good value for time it is warmly recommended for its breadth of coverage the authority of its claims and the multi disciplinary outlook of its authors adegboyega ogunwale mbbs fwacp consultant psychiatrist forensic unit neuropsychiatric hospital aro ogun state nigeria this collection represents a significant step in the study of mental health crime and criminal justice in sub saharan africa the breadth of topics covered is impressive with each contribution based on methodologically sound empirical analyses it deserves to become a key reference for students researchers and policy makers interested in suicide drug use violence the work of prison officers criminal investigations and police community interactions justice tankebe ph d lecturer institute of criminology university of cambridge uk mental health and criminal justice issues are growing problems facing the world today questions about whether mental health affects crime or whether involvement in the criminal justice system affects an individual's health have become part of national policy discussion this nicely written book brings together eminent scholars and experts with extensive experience in their various fields to address these and other questions related to crime mental health and criminal justice in africa the editors did well to coordinate the efforts of the contributors into a valuable piece i highly recommend it for all who are interested in the nexus between crime mental health and criminal justice systems francis d boateng ph d assistant professor department of criminal justice and legal studies university of mississippi usa

designed as a stand alone or for use with curran renzetti's theories of crime 2 e allyn bacon 2001 this reader contains excerpts from criminologists writings on many of the most recent sociological biological and psychological theories of crime editors renzetti curran and carr have compiled one of the most thorough books on the market in terms of presenting diverse theoretical perspectives they offer introductions to each theory briefly outlining the theory's

strengths and weaknesses and provide a set of discussion questions at the end of each theory excerpted readings were chosen for their accessibility to all students
