publisher description

this is the story of a small pirate with big dreams the pint sized pirate goes on a quest to save the pirates who have been captured by a sea monster both male and female lead versions are included in the book

this all embracing handbook on the development of children s memory represents the first place in which critical topics in memory development are covered from multiple perspectives from infancy through adolescence forty four chapters are written by experienced researchers who have influenced the field edited by two of the world s leading experts on the development of memory discusses the importance of a developmental perspective on the study of memory the first ever handbook to bring together the world s leading academics in one reference guide each section has an introduction written by one of the editors who have also written an overall introduction that places the work in historical and contemporary contexts in cognitive and developmental psychology 2 volumes

widely regarded as the standard reference in the field this handbook comprehensively examines all aspects of emotion and its role in human behavior the editors and contributors are foremost authorities who describe major theories findings methods and applications the volume addresses the interface of emotional processes with biology child development social behavior personality cognition and physical and mental health also presented are state of the science perspectives on fear anger shame disgust positive emotions sadness and other distinct emotions illustrations include seven color plates

discusses the nature of readers theater provides scripts based on novels and stories and shows how to create and combine scripts with a common theme

this series of reader s theater books provides high interest scripts featuring everything from amusing fables and fairy tales to inspiring inventors and historical heroes each script comes with explicit fluency instruction a list of key vocabulary and engaging comprehension activities each book describes in simple terms how to direct instruction and coach students as they practice their lines each unit can stand alone as fluency instruction or tie in to a related content area unit these resources meet instructional objectives as outlined in the no child left behindact

the purpose of this book is to explore meaningful integrations of developmental processes and functioning with conceptualizations of context a term traditionally denoting physical settings social arenas or perceptual or social backdrops in relation to a focal point however the study of context has taken a considerably more unique and vibrant form in recent years the term is becoming more than a substitute for background independent variables rather the contributions of context to behavior thought feelings and vice versa are becoming central issues in many research domains this text is a collection of empirical and theoretical accounts for understanding context its focus is on integrating the study of context with the science of developmental psychology although the authors work in many different areas of the field and with different populations they all converge on a central methodological conceptual theme of contextualism which is presented as the dynamic integration of intraindividual factors with environmental and social environmental factors

a practical guide to planning how to write scripts for theatrical commercial and industrial formats it explains language formats budgets and technical considerations
