la famiglia la sua organizzazione le trasformazioni in corso del modello familiare il suo ruolo nella società contemporanea i dilemmi delle politiche familiari cosa dovremo attenderci nel prossimo futuro un manuale approfondito e aggiornato che studia la famiglia in quanto relazione originaria e originale intrinsecamente differente da tutte le altre relazioni sociali e ne delinea con completezza storia ed evoluzione

il volume muove da un paradosso la constatazione che molte delle scienze sociali non sono veramente sociali non lo sono allorché spiegano i fenomeni e propongono interventi affidandosi agli individui e o ai sistemi organizzativi mentre lasciano sullo sfondo le

relazioni sociali in quanto tali È come se le relazioni sociali siano la materia oscura della società l'incapacità di vederle e trattarle rivela non solo il punto cieco o blind spot delle scienze sociali ma anche tutti i limiti di un'intera civiltà quella moderna occidentale questo stato di cose però può essere superato esiste un modo di osservare la realtà quello dello sguardo relazionale che consente alle scienze sociali di fare luce sui punti ciechi della società alimentando un nuovo umanesimo relazionale
