is morality fixed objectively independently of all human judgment or do we invent right and wrong articulating the moral community argues that neither of these simple answers is correct its central thesis is that working within zones of objective indeterminacy the moral community the community of all persons has the authority to introduce new moral norms

building the moral community radical naturalism and emergence demonstrates how very simple models of moral engagements based on natural incomplete value laden frames of the world can lead to general moral progress for the human community all moral behavior affects more than one person which means that the moral community is more than the sum of the individuals included in it david w chambers argues that there is no ethically detached and superior position from which to operate and that such claims are focused on ethics not on acting morally therefore he cautions against mistaking theories of ethics composed on statements about what is good and right for actual moral behavior that moves broadly and inevitably toward a better world this book explores naturalistic ethics offering a modified classical analytic philosophy exploration of morality that is consistent with emerging thinking in psychology neurobiology game theory and self adjusting systems

pritchard provides a deliberate and convincing argument for a starting point for the discussion of moral development on in which self regard and empathy provide equally essential groundings for individual morality drawing essential elements from the work of reid strawson rawls kohlberg and gilligan he builds a comprehensive framework for tracing moral development from childhood one that allows human morality to be grounded in both reason and emotion and that recognizes the importance to morality of justice and rights as well as caring and responsibility

the past two decades have seen an outpouring of work in legal theory that is self consciously critical of aspects of american law and the institutions of the liberal state in this lively volume eminent scholars in philosophy law and political science respond to this recent scholarship by exploring what constitutes a radical critique of the law examining such theories as critical legal studies feminist theory and theories of difference and critical race theory the authors consider whether the critiques advanced in recent legal theory can truly be called radical and what form a radical critique of american law should take writing at the cutting edge of the critique of critical legal theory they offer insights first on critical legal scholarship then on feminist political and legal theory a third group of contributions questions the radicalness of these approaches in light of their failure to challenge fundamental aspects of liberalism while a final section focuses on current issues of legal reform through critical views on criminal punishment including observations on rape and hate speech each major essay describes the underlying principles in the development of a radical legal theory and addresses unresolved questions relating to it while accompanying commentaries present conflicting views the resulting dialogue explores wide ranging issues like equity value relativism adversarial and empathic legal advocacy communitarianism and the social contract impartiality and contingency natural law and corrective justice a common thread for many of the articles is a focus on the social dimension of society and law which finds the individualism of prevailing liberal theories too limiting radical critiques of the law is particularly unique in presenting critical and feminist approaches in one volume along with skeptical commentary about just how radical some critiques really are proposing alternative critiques that embody considerably greater promise of being truly radical it offers provocative reading for both philosophers and legal scholars by showing that many claims to radicalism are highly problematic at best
