markets planning and the moral economy examines the rise of the progressive movement in the united states during the early decades of the 20th century particularly the trend toward increased government intervention in the market system that culminated in the establishment of president roosevelt's new deal programs the authors consult writings from politicians business leaders and economists of the time using a variety of historical perspectives to illuminate the conflicting viewpoints that arose as the country struggled to recover from the worst economic downturn in its history this fascinating historical study explores the conflict between what the authors identify as two competing ideologies the market economy whose proponents advocated a hands off approach and a trust in allowing the markets to adjust themselves and the moral economy whose supporters favored a system of government planning and stewardship designed to promote economic fairness presenting arguments from each side by public figures and intellectuals this book offers the most thorough and complete analysis to date of the new economic discourse that arose during the progressive movement and remains a vital component of our economic and political discussions today professors and students of economics political science public policy and history will all find much to admire in this fascinating and accessible volume scholars from across the world will also find this book helpful in contemplating the long term effects that the tension between the market economy and the moral economy can have on an individual country's economic system

this five volume set deals in detail with josephine butler s campaign for the repeal of the contagious diseases acts in britain and the colonies at present access to butler s work is restricted as a number of relevant anthologies are out of print the bulk of these can only be read in specialist libraries and the original copies are becoming increasingly fragile after a century of use this edited collection makes her writing accessible once again setting it in an appropriate historical context in addition to butler s own work the thematically ordered volumes include related texts which are important for understanding her campaign this allows the reader to position josephine butler in relation to her opponents and to follow the response to her activities all the texts are complete and reproduced in facsimile there are pamphlets books

media responses to butler's activities letters to the times articles from the lancet pall mall gazette the shield and the dawn as well as private letters both to and from butler the set is introduced through a substantial essay by jane jordan one of the leading international scholars on butler's life and works and each volume contains a short introduction by the editors which contextualises the selections butler writes clearly and vividly combining impeccable logic with passionate commitment she does not soften her message to protect the sensibilities of her audience she is uncompromising in her analysis determined to set a floodlight on your doings as she told a stunned royal commission in 1871 josephine butler and the prostitution campaigns demonstrates the great importance of this fascinating campaigner's work

in a globalized world with globalizing iprs where culturally assumed norms must be re-examined this work has an urgent and important contribution to make taking the main features of internationally mandated iprs as a starting point it explores the mo

this book provides a thorough critical overview of the current debate on the ethics of war as well as a modern just war theory that can give practical action guidance by recognizing and explaining the moral force of widely accepted law traditionalist walzerian and revisionist approaches have dominated contemporary debates about the classical jus ad bellum and jus in bello requirements in just war theory in this book uwe steinhoff corrects widely spread misinterpretations of these competing views and spells out the implications for the ethics of war his approach is unique in that it complements the usual analysis in terms of self defense with an emphasis on the importance of other justifications that are often lumped together under the heading of lesser evil it also draws on criminal law and legal scholarship which has been largely ignored by just war theorists ultimately steinhoff rejects arguments in favor of moral fundamentalism the view that the laws and customs of war must simply follow an immutable morality in contrast he argues that widely accepted laws and conventions of war are partly constitutive of the moral rules that apply in a conflict the ethics of war and the force of law will be of interest to scholars and advanced students working in just war theory applied ethics political philosophy political theory philosophy of law and criminal and military law
