perspectives on discourse analysis theory and practice provides the student reader with the basic theoretical knowledge and the empirical tools of some of the most relevant approaches to the analysis of discourse it has been mainly conceived of as a general university course on discourse analysis but it can also be useful for any person or group whose main concern is to acquire the basic necessary knowledge and skills for analyzing any type of discourse the subject matter of the book could not only be of use for linguists or prospective linguists given its interdisciplinary character its findings can be and in fact are used and applied by practitioners and scholars from different fields such as sociology psychology medical science computer science and so on thus the book can be used by any person who having certain linguistic knowledge is interested in exploring the fascinating world of discourse all the chapters contain both a theoretical and an empirical section the latter containing examples of analysis as well as exercises practice and self evaluation questions whose answers can be found at the end of the book in the practice key and key to self evaluation questions sections the book is divided into 12 chapters the first two introduce basic information about discourse analysis and text linguistics as well as the necessary techniques for gathering data including a very brief introduction to corpus linguistics chapters 3 11 present and discuss some of the most prominent and well known approaches to discourse analysis namely pragmatics interactional sociolinguistics conversation analysis the ethnography of communication variation analysis and narrative analysis functional sentence perspective post structuralist theory and social theory critical discourse analysis and positive discourse analysis and mediated discourse analysis finally chapter 12 deals with crucial and further issues such as the type of discourse chosen for the analysis the strategies and functions of discourse or the problem of choosing an appropriate unit of analysis which will suit the aims of research perspectives on discourse analysis theory and practice may prove of value to all those who are professionally involved in the area of

discourse and pragmatic studies or simply to those who wish to acquire the necessary basic knowledge and techniques for analyzing any type of discourse from medical journalistic or political discourse to computer mediated humoristic or hegemonic discourse where the use and abuse of power is an important issue just to name a few of the innumerable possibilities a desirable and intended effect of this book is also the development of an open and tolerant mind which will eventually lead to a better understanding of the different and varied manifestations of language culture and communication in human society

a new edition of the bestselling textbook on discourse analysis ideal for undergraduate and graduate courses in linguistics and the broader humanities and social sciences discourse analysis explains how to collect and analyze spoken written and multimodal language now in its fourth edition this popular textbook encourages students to think systematically and critically about different sources of discourse to better understand why spoken utterances and written texts have the meanings and uses they do throughout the book the authors offer real life examples of what discourse analysis can reveal about language individuals groups and society student friendly chapters describe discourse analysis with a goal of helping students master the fundamental concepts of this important area of linguistic research each chapter contains discussion questions that encourage students to relate the material to their own experiences perform their own analyses and consider important issues in research design and research ethics the new edition of discourse analysis includes new discussion questions and ideas for research projects up to date supplementary readings and expanded discussions of corpus analysis methods rhetorical legitimation and social identities this textbook teaches students to apply discourse analysis to answer research questions in disciplines across the humanities and social sciences explains the complex relationships between discourse and various aspects of context such as linguistic structure participants and prior discourse provides instructors with the flexibility to re order chapters to meet the needs of their students features exercises that incorporate

extensive data from a variety of languages and situations including discourse in electronic media contains discussion questions activities research projects suggestions further readings chapter summaries and other pedagogical features discourse analysis fourth edition remains the ideal primary text for undergraduate and graduate courses in language and linguistics language pedagogy rhetoric and composition and linguistic ethnography

outlining the core methodological and theoretical premises this book presents the essential approaches that you need to know when doing discourse analysis for the first time chapters cover discourse and society discourse and pragmatics discourse and genre discourse and conversation discourse grammar corpus approaches multimodal discourse and critical discourse analysis encompassing the latest trends and developments this third edition includes a new chapter on discourse and digital media new topics including english as a lingua franca linguistic landscapes and translanguaging updated examples from a variety of global perspectives and contexts ranging from north america to east asia updated discussion questions throughout each chapter also features exercises discussion questions and lists of further reading alongside online resources with lecture slides extended readings and enhanced bibliographies this is the only book you need for doing discourse analysis

this volume is the most comprehensive overview to date of sociologically orientated approaches to text and discourse analysis and is worth reading even for those who are interested only in purely linguistic approaches to text and discourse its main merit i think is that it introduces approaches which up to now have hardly been admitted into the universe of scientific discourse discourse studies methods of text and discourse analysis provides the most comprehensive overview currently available of linguistic and sociological approaches to text and discourse analysis among the 10 linguistic and sociological models surveyed in this book some of the more important are grounded theory content analysis conversation analysis and critical discourse analysis the book

presents each approach according to a standardised format which allows for direct systematic comparisons the fully annotated lists of sources provide readers with an additional means of evaluation of the competing analytical methods interdisciplinary and international in its aims methods of text and discourse analysis suggests the benefits both linguists and sociologists will derive from a more intimate knowledge of each others methods and procedures

introduction to discourse studies follows on jan renkema s successful discourse studies an introductory textbook 1993 published in four languages this new book deals with even more key concepts in discourse studies and approaches major issues in this field from the anglo american and european as well as the australian traditions it provides a scientific toolkit for future courses on discourse studies and serves as a stepping stone to the independent study of professional literature introduction to discourse studies is the result of more than twenty five years of experience gained in doing research and teaching students professionals and academics at various universities the book is organized in fifteen comprehensive chapters each subdivided in modular sections that can be studied separately it includes 400 references from the most cited contemporary publications to influential classic works 500 index entries covering frequently used concepts in the field more than 100 thought provoking questions all elaborately answered which are ideal for teacher supported self education nearly 100 assignments that provide ample material for teachers to focus on specific topics of their own preference in their lectures jan renkema is a member of the department of communication and information sciences at tilburg university the netherlands he is also editor of discourse of course 2009 and author of the texture of discourse 2009 in 2009 a chinese edition of introduction to discourse studies was published by shanghai foreign language education press

how great to have this practical introduction to doing critical discourse analysis especially one that provides examples of multimodal discourse analysis extremely useful

for students who need tools for the study of text talk and images teun van dijk pompeu fabra university the authors have truly achieved the impossible to make extremely complex phenomena accessible for students and scholars alike thus this textbook will provide a most helpful guide when looking for adequate ways to grasp and analyze the intricate interdependence of written oral and visual forms of semiosis ruth wodak lancaster university how do media texts manipulate and persuade us how do language and images play out the ideas values and identities this book shows readers exactly how language power and ideology are negotiated in media texts from magazine and advertising to youtube and music videos presenting a systematic toolkit of theories concepts and techniques for doing language and image analysis students learn how to dig deep into discourses and the media landscape with case studies and examples from a range of traditional and new media content the book equips students to understand the relationship between language discourse and social practices

this book offers a clearly written and comprehensive set of definitions of key terms in discourse analysis a core area of all linguistics and language studies courses unlike many other areas of linguistics discourse analysis is a complex field to define comprising a number of related but different theoretical and methodological frameworks discourse can mean many different things to different people students often find these multiple meanings to be confusing and this book attempts to spell out and reconcile the different approaches to give a holistic picture of discourse analysis as a branch of several disciplines as well as comprising a glossary of key terms the book provides clear illustrative examples a section on key thinkers and their ideas and key texts for further reading this book is essential reading for students on linguistics language studies and media and cultural studies courses who are engaging in discourse analysis the key terms series offers undergraduate students clear concise and accessible introductions to core topics each book includes a comprehensive overview of the key terms concepts thinkers and texts in the area covered and ends with a guide to further resources

this book provides a comprehensive account of the discipline of critical discourse analysis cda and demonstrates multiple linguistic methods through which it exposes and demystifies ideologies that are present in institutional discourse the book enables readers to critique the complexities of the relationship between language and power to expose the ideological operation of discourse proceeding from a theoretical grounding for cda in contemporary society the book comprises analysis of a wide range of discourse examples including the news media political speeches public service leaflets and social media readers are guided through a diverse range of models in cda in order to scrutinise and assess the role of language in society and to consider and challenge the principles of powerful networks institutions and organisations

bringing together papers written by norman fairclough over a 25 year period critical discourse analysis represents a comprehensive and important contribution to the development of this popular field the book is divided into seven sections covering the following themes language in relation to ideology and power discourse in processes of social and cultural change dialectics of discourse dialectical relations between discourse and other moments of social life methodology of critical discourse analysis research analysis of political discourse discourse in globalisation and transition critical language awareness in education the new edition has been extensively revised and enlarged to include a total of twenty two papers it will be of value to researchers in the subject and should prove essential reading for advanced undergraduate and postgraduate students in linguistics and other areas of social science

this book provides an introduction to the aims theories and practices of critical discourse analysis cda it is mainly concerned with the linguistic aspects of cda it provides an introduction to the different types of language analysis that are employed in cda frequency analysis conversation transitivity and reference and figurative language for example and seeks to provide readers with the skills to apply them in different contexts to various types of texts political speeches marketing pieces literary works advertising

multimedia persuasive texts discourses on race gender and politics

this is a sophisticated and nuanced introduction to critical discourse analysis cda that covers a range of topics in an accessible engaging style with international examples and an interdisciplinary approach readers gain a rich understanding of the many angles into critical discourse analysis the fundamentals of how analysis works and examples from written texts online data and images this new edition expands coverage of multimodality adds two new chapters on social media and analysis of online data supports learning with a guided introduction to each chapter includes a new and extended glossary clearly written practical and rigorous in its approach this book is the ideal companion when embarking on research that focuses on discourse and meaning making

the routledge handbook of discourse analysis covers the major approaches to discourse analysis from critical discourse analysis to multimodal discourse analysis and their applications in key educational and institutional settings the handbook is divided into six sections approaches to discourse analysis register and genre developments in spoken discourse educational applications institutional applications and identity culture and discourse the chapters are written by a wide range of contributors from around the world each a leading researcher in their respective field all chapters have been closely edited by james paul gee and michael handford with a focus on the application of discourse analysis to real life problems the contributors introduce the reader to a topic and analyse authentic data the routledge handbook of discourse analysis is vital reading for linguistics students as well as students of communication and cultural studies social psychology and anthropology

seminar paper from the year 2004 in the subject english language and literature studies linguistics grade 1 0 university of frankfurt main institut für england und amerikastudien course introduction to language and language learning 9 entries in the bibliography language english abstract this paper has been designed to provide an efficient overview of theoretical discourse analysis by discussing the following questions what is

discourse analysis defining the difference between the terms text and discourse and discourse analysis itself as well as what are the basic concepts and aspects of discourse analysis taking a closer look at context coherence the importance of background knowledge and the differences between spoken and written language and finally what are the uses of discourse analysis investigating on the problem of application and social relevance of discourse analysis

what is discourse analysis is an accessible introduction to an empirical research approach which is widely used in the social sciences and related disciplines this book explores the idea of how meaning is socially constructed and how talk and text can be interpreted the challenges of discourse analysis are outlined as well as helpful ways to approach them from finding the right starting point processing and interpreting data through to building an argument discourse analysts work with language data including talk documents and broadcast material researchers in different traditions study interactions and social practices meaning making and larger meaning systems and contests and conflicts around collective identities social norms and subjectification what is discourse analysis addresses new researchers and other academics interested in language and its associated practices the book outlines the history of discourse analysis its key concepts and theorists and its uses and challenges discussions of published studies illustrate the use of the approach to investigate a range of research topics such as gender health and national identities the book also addresses the practical aspects of discourse analysis providing clear guidance on data collection and data processing including transcription and selection covering important topics what is discourse analysis draws from recent articles to show how discourse analysis works in action common questions about discourse analysis are presented in a lively and accessible q a format this book will be an essential resource for all researchers working with discourse analysis

this book is designed as an introduction to critical discourse analysis cda and gives an

overview of the various theories and methods associated with this sociolinguistic approach it also introduces the reader to the leading figures in cda and the methods to which they are most closely related the text aims to provide a comprehensive description of the individual methods an understanding of the theories to which methods refer and a comparative treatment of each of these methods so that students may be able to determine which is the most appropriate to select for their particular research question given the balance between theory and application plus the intended audience no previous knowledge of cda is assumed methods of critical discourse analysis should be useful reading for both students and researchers in the fields of linguistics sociology social psychology and the social sciences in general

methods of critical discourse analysis provides a concise comprehensible and thoroughly up to date introduction to cda appropriate for both novice and experienced researchers this new edition has been updated throughout with a new introduction contextualizing the development of the cda approach and two entirely new chapters on the social actor approach to cda and the use of quantitative corpus linguistic methods the editors have brought together contributions from leading experts in the field who each introduce their own approaches to cda examples are included throughout demonstrating the value of the method in analyzing a variety of genres of written material on a whole range of topics including global warming leadership in management and globalization this book will be of great interest to students and researchers in linguistics sociology and psychology interested in interdisciplinary approaches to coping with topical social problems

providing both the practical steps for doing discourse analysis and the theoretical justifications for those steps this book shows students how the social world revolves around talk and text the authors draw on conversation analysis critical discourse analysis pragmatics and the discursive approach developed in social psychology the book presents actual examples covers data collection methods and strategies for data

analysis and addresses issues of reliability and validity

in this accessible new textbook isabela and norman fairclough present their innovative approach to analysing political discourse political discourse analysis integrates analysis of arguments into critical discourse analysis and political discourse analysis the book is grounded in a view of politics in which deliberation decision and action are crucial concepts politics is about arriving cooperatively at decisions about what to do in the context of disagreement conflict of interests and values power inequalities uncertainty and risk the first half of the book introduces the authors new approach to the analysis and evaluation of practical arguments while the second half explores how it can be applied by looking at examples such as government reports parliamentary debates political speeches and online discussion forums on political issues through the analysis of current events including a particular focus on the economic crisis and political responses to it the authors provide a systematic and rigorous analytical framework that can be adopted and used for students own research this exciting new text co written by bestselling author norman fairclough is essential reading for researchers upper undergraduate and postgraduate students of discourse analysis within english language linguistics communication studies politics and other social sciences

discourse analysis the questions discourse analysts ask and how they answer them is the first introductory text organized around the kinds of questions discourse analysts ask and how they are systematically addressed by analysts of different empirical persuasions thereby cultivating a principled understanding of the interdisciplinary field of discourse analysis the text promotes synthesis integration and a multidimensional understanding of the core issues that preoccupy discourse analysts 1 how is discourse structured 2 how are social actions accomplished in discourse 3 how are identities negotiated in discourse 4 how are ideologies constructed in discourse the answer to each question is illustrated with transcripts and analyses of actual discourse as exemplified in key studies in the field with a range of other features such as boxed

definitions study questions and analytical tasks this guide to the complex world of discourse is an ideal resource for courses on discourse analysis

this book presents a new theory of discourse arguing that our understanding of texts ultimately rests on our practices and on what we do it will be welcomed by students and researchers looking for a form of discourse analysis that is explicit and methodical as well as socially and critically relevant
