in this volume leading researchers review contemporary theory and research on the ways people influence each other three sections examine processes and theory in social influence research the role of cognitive processes and strategies in social influence phenomena and the operation of social influence mechanisms in group settings

when do we want people to agree with us and when do we not want people to agree with us how can we convince someone that their views are wrong such questions are raised by social influence this milestone text provides both a

straightforward introduction to the topic of social influence for the beginning student and a sophisticated theoretical analysis of social influence processes for the more knowledgeable reader the author summarizes a vast literature integrating many differing views on social influence in a coherent and meaningful pattern he reevaluates and reinterprets the findings of many classic studies into an integrative self categorization theory which may resolve many inconsistencies in the literature and account for a diverse set of social influence phenomena

how do social influences affect such outcomes as creativity innovation originality and inventiveness while major advances have been made many questions regarding the impact of contextual and social factors on creativity and innovation remain this collection examines a rich array of contextual factors that affect these processes discussing group organizational and situational attributes that both facilitate and impair creativity and innovation the papers present insights into the conceptual underpinnings of those relationships and provide empirical evidence illuminating those relationships

the oxford handbook of social influence restores this important field to its once preeminent position within social psychology editors harkins williams and burger lead a team of leading scholars as they explore a variety of topics within social influence seamlessly incorporating a range of analyses including intrapersonal interpersonal and intragroup and examine critical theories and the role of social influence in applied settings today

this volume brings together the full range of modalities of social influence from crowding leadership and norm formation to resistance and mass mediation to set out a challenge and response cyclone model the authors use real world examples to ground this model and review each modality of social influence in depth a periodic table of social influence is constructed that characterises and compares exercises of influence in practical terms the wider implications of social influence are considered such as how each exercise of a single modality stimulates responses from other modalities and how any everyday process is likely to arise from a mix of influences the book demonstrates that different modalities of social influence are tactics that defend question and develop common sense over time and offers advice to those studying in political and social movements social change and management

despite widespread acknowledgment that both personal and situational factors influence behavior researchers in the area of social influence have been slow to examine individual differences in their work indeed social influence investigators often point to their findings to illustrate the power of situational variables relative to

personal causes of behavior however as the articles in this volume demonstrate social influence researchers can obtain a greater understanding of the phenomena they study by incorporating individual difference variables into their research

100 effective techniques of social influence provides a revolutionary look into the effectiveness of many techniques of social influence providing an overview of the ways in which people use techniques to persuade others to meet various requests suggestions and commands for each technique the authors explore the idea behind it what empirical research says about it and what the psychological mechanism behind its effectiveness is aka why it works the techniques included span across multiple areas in people s everyday lives ranging from business negotiations managements marketing and close relationships to people s behavior in public as well as in their private sphere covering research from the 1970s to the present day the book describes techniques of social influence with the purpose of provoking certain behaviors such as convincing an individual to donate to a charity or purchase a certain product by exclusively focusing on techniques influencing human behaviors rather than beliefs biases or emotions the authors show how humans can be reliably convinced to behave in a certain way in a huge range of situations and contexts rather than being based on anecdotal evidence or legends of famous people the authors have only included techniques that have been proven to be effective through scientific research with each technique described in an engaging manner this is ideal reading for students and academics in fields such as social psychology leadership marketing sociology management and communication it will also appeal to professionals who need to influence others and any readers who desire a better and more contemporary understanding of how people interact and influence others on a daily basis

emphasizes the divergence between the traditional and non traditional spheres of the study of persuasion the authors argue that both approaches are part of the same whole and that whether one uses the term persuasion social influence or compliance gaining all involve essentially the same human

gabriel tarde ranks as one of the most outstanding sociologists of nineteenth century france though not as well known by english readers as his peers comte and durkheim this book makes available tarde s most important work and demonstrates his continuing relevance to a new generation of students and thinkers tarde s landmark research and empirical analysis drew upon collective behavior mass communications and civic opinion as elements to be explained within the context of broader social patterns unlike the mass society theorists that followed in his wake tarde integrated his discussions of societal change at the macrosocietal and individual levels anticipating later twentieth century thinkers who

fused the studies of mass communications and public opinion research terry n clark s introduction considered the premier guide to tarde s opus accompanies this important work reprinted here for the first time in forty years

concise and informative this handy topic book covers the popular area of social influence invaluable for as and a level students undergraduates and the general reader

every day we are asked to fulfil others requests and we make regular requests of others too seeking compliance with our desires commands and suggestions this accessible text provides a uniquely in depth overview of the different social influence techniques people use in order to improve the chances of their requests being fulfilled it both describes each of the techniques in question and explores the research behind them considering questions such as how do we know that they work under what conditions are they more or less likely to be effective how might individuals successfully resist attempts by others to influence them the book groups social influence techniques according to a common characteristic for instance early chapters describe sequential techniques and techniques involving egotistic mechanisms such as using the name of one s interlocutor later chapters present techniques based on gestures and facial movements and others based on the use of specific words re examining on the way whether please really is a magic word in every case author dariusz dolinski discusses the existing experimental studies exploring their effectiveness and how that effectiveness is enhanced or reduced under certain conditions the book draws on historical material as well as the most up to date research and unpicks the methodological and theoretical controversies involved the ideal introduction for psychology graduates and undergraduates studying social influence and persuasion techniques of social influence will also appeal to scholars and students in neighbouring disciplines as well as interested marketing professionals and practitioners in related fields

the book presents the various ways in which persuasion can be used to make people behave in certain ways without coercion intimidation or brute force it explores the intricacies of social influence processes like self presentation impression management ingratiation persuasion manipulative social behavior and compliance in socio cultural contexts social influence constitutes one of the key themes in the field of social psychology contributions in the book highlight social influence behavior and its importance in human social life the book deepens the reader s understanding of social psychology research on the science and applications of social influence it invites readers to consider critical questions such as the interactive effects of personality disposition and situational factors on social influence given its scope the book is of interest to those in academic fields like

social psychology political science mass communication and marketing

over the course of the last four decades robert cialdini s work has helped spark an intellectual revolution in which social psychological ideas have become increasingly influential the concepts presented in his book influence the psychology of persuasion have spread well beyond the geographic boundaries of north america and beyond the field of academic social psychology into the areas of business health and politics in this book leading authors who represent many different countries and disciplines explore new developments and the widespread impact of cialdini s work in research areas ranging from persuasion strategy and social engineering to help seeking and decision making
