this accessible title written by christine mcmillan bodell covers all 8 units including the popular afro caribbean unit students need for the level 1 award in hairdressing

violence and other human rights abuses continue to force desperate people to migrate in search of protection yet because the political and economic reasons that induced an historical openness to the arrival of refugees have largely withered away there is no longer a guarantee that any state will be prepared to receive these involuntary migrants governments of both north and south are withdrawing from the international legal duty to provide potentially indefinite protection to any and all refugees who arrive at their borders the challenge is to reconceive refugee protection in a way that is reconcilable with the legitimate concerns of modern states yet which does not sacrifice the critical right of at risk people to seek asylum the essays in reconceiving international refugee law offer a response to the concerns of many states that refugee protection has become no more than a back door route to permanent immigration and that its costs are not fairly apportioned among states drawing on the research of leading migration scholars from around the world and vetted through dialogue with senior officials and non governmental experts this volume

explores the potential for a shift to a robust and empowering system of temporary asylum supported by a pragmatic system of guarantees to share both the costs and human responsibilities of refugee protection

clinical audit is essential for demonstrating performance for the quality and outcomes framework of the gp contract this completely up to date manual uses a practical how to do it approach linked directly to the gp contract to make the undertaking of clinical audit a positive and rewarding exercise for both patient care and practice finance by using examples of clinical audit from around twenty different clinical fields clinical audit in primary care provides tips and advice that can be integrated into everyday practice the recommended process will enable managers doctors nurses and clinical staff to collect the data painlessly and to draw meaningful results from it its principles will also provide practical guidance to pharmacists and others in the multidisciplinary team involved in clinical audit
