the growing use of housing equity to support a range of activities and needs raises complex issues particularly for older owners in an environment in which older owners are pushed towards housing equity transactions to meet income and welfare costs they are required to make choices from a complex and sometimes bewildering range of options the transactions which facilitate the use of home equity as a resource to spend in later life from trading down and ordinary secured and unsecured debt to targeted products including reverse lifetime mortgages home reversion plans and sale and rentback agreements raise important legal and regulatory issues this book provides a contextual analysis of the financial transactions that older people enter into using their housing equity it traces the protections afforded to older owners through the ordinary law of property and contract as well as the development of specific regulatory protections focused on targeted products the book employs the notion of risk to highlight the nature and causes of the situational vulnerabilities to which older people are now subject as consumers of housing equity showing that the older owner's personal situation is crucial in determining whether and why they may seek to release equity the options and products available to them and the impact of harms resulting from adverse transactions the book critically evaluates the extent to which this context is incorporated in the legal frameworks through which these transactions are governed as a measure of the appropriateness of existing legal provision as well as considering the arguments surrounding special protection for older owners in housing equity transactions

first published in 1960 nationalized industry and public ownership is concerned with the state of nationalized industries in Britain in the context of the wider sphere of public enterprise in the world it critically examines themes like the motives and background of nationalization the state of public corporation in Britain public utilities as monopoly parliamentary debates and questions regarding government control the idea of public accountability the status of consumers councils and the link between labour relations and public ownership this book is an important historical document for scholars and researchers of public administration political economy British economy labour economics and British labour history

high profile controversies surrounding the funding of political parties have shown how inequalities in wealth can enter the political process the growth of the professional lobbying of MPs and the executive raises similar questions about money in politics more broadly inequalities emerge in terms of the opportunities the public have to participate in political debate this analysis of the ways wealth can be used to influence politics in Britain explores the threat posed to the principle of political equality as well as examining lobbying and party funding the discussion also focuses on the ownership and control of the media the chance to be heard on the internet and the impact of the privatisation of public spaces on rights to assemble and protest looking at this range of political

activities the author proposes various strategies designed to protect the integrity of british democracy and stop inequalities in wealth becoming inequalities in politics
