Some of the content may appear in PPI's current CBT FE exam products.

1. The experts at the Princeton Review take the SAT II Physics and other standardized tests several times a year to make sure you get the most up-to-date, thoroughly researched books possible. We know students. 2. Each year we help more than two million students score high with our courses, bestselling books, and award-winning software. We get results. 3. Students who take our courses for the SAT ACT and many other tests see score improvements that have been verified by independent accounting firms. The proven techniques we teach in our courses are in this book, and if it's on the SAT II Physics exam, it's in this book. 4. We don't try to teach you everything there is to know about physics; only what you need to know to score high on the SAT II exam. There's a big difference in cracking the SAT II Physics 1998-99 edition. You will learn to think like the test makers and eliminate answer choices that look right but are planted to fool you. Earn more points by reviewing and mastering the physics topics most likely to be tested. Avoid the traps that trick most students. Use targeted review techniques to crack mechanics, kinetics, thermodynamics, modern physics, and other complex topics. Practice your skills on the two full-length sample tests inside. The questions are exactly like the ones you'll see on the actual SAT II Physics exam, and we fully explain every solution.
