endeavors in the united states the first section of the encyclopedia contains over 200 a z entries covering the lives of important philanthropists the missions and practices of key institutions and organizations and the impact of seminal events throughout the history of the nonprofit sector in america from precolonial times to the present discussions of philanthropic traditions in ancient civilizations in europe during colonial times and in countries around the world today provide fascinating contexts for understanding how the american philanthropic experience has developed the encyclopedia also includes a collection of primary source documents legislation foundation reports mission statements etc for convenient review and further research over 200 a z entries on people events organizations and ideas in u s philanthropic history nearly 200 contributors distinguished scholars from a variety of disciplines over 75 primary source documents from the poor laws of 1601 to excerpts from the filer commission report of 1975 chronology of important events in philanthropic history

american philanthropy today expands knowledge champions social movements defines active citizenship influences policymaking and addresses humanitarian crises how did philanthropy become such a powerful and integral force in american society philanthropy in america is the first book to explore in depth the twentieth century growth of this unique phenomenon ranging from the influential large scale foundations established by tycoons such as john d rockefeller sr and the mass mobilization of small donors by the red cross and march of dimes to the recent social advocacy of individuals like bill gates and george soros respected historian olivier zunz chronicles the tight connections between private giving and public affairs and shows how this union has enlarged democracy and shaped history zunz looks at the ways in which american philanthropy emerged not as charity work but as an open and sometimes controversial means to foster independent investigation problem solving and the greater good andrew carnegie supported science research and higher education catapulting these fields to a prominent position on the world stage in the 1950s howard pew deliberately funded the young billy graham to counter liberal philanthropies prefiguring the culture wars and increased philanthropic support for religious causes and in the 1960s the ford foundation supported civil rights through education voter registration drives and community action programs zunz argues that american giving allowed the country to export its ideals abroad after world war ii and he examines the federal tax policies that unified the diverse nonprofit sector demonstrating that america has cultivated and relied on philanthropy more than any other country philanthropy in america examines how giving for the betterment of all became embedded in the fabric of the nation s civic democracy

contemporary jewish philanthropy in america provides a comprehensive overview of how tzedakah the obligation to give to share to help can be understood taught and realized in contemporary society the chapters in this book examine the social sources for philanthropy the various types of givers recent trends in philanthropy large scale giving and clients perspectives the contributors to this volume social scientists communal leaders and practitioners who are associated with the council of jewish federations and the north american jewish data bank analyze the motivations and functions of jewish giving in order to throw light on this enormous and vital enterprise

in the 20th century tax exempt charitable foundations in the us have grown substantially both in their financial importance and in the scope of their activities this book examines the economic cultural and intellectual implications of these organizations

the first comprehensive history of american jewish philanthropy and its influence on democracy and capitalism for years american jewish philanthropy has been celebrated as the proudest product of jewish endeavors in the united states its virtues extending from the local to the global the jewish to the non jewish and modest donations to vast endowments yet as lila corwin berman illuminates in the american jewish philanthropic complex the history of american jewish philanthropy reveals the far more complicated reality of changing and uneasy relationships among philanthropy democracy and capitalism with a fresh eye and lucid prose and relying on previously untapped sources berman shows that from its nineteenth century roots to its apex in the late twentieth century the american jewish philanthropic complex tied jewish institutions to the american state the government's regulatory efforts most importantly tax policies situated philanthropy at the core of its experiments to maintain the public good without trammeling on the private freedoms of individuals jewish philanthropic institutions and leaders gained financial strength political influence and state protections within this framework however over time the vast inequalities in resource distribution that marked american state policy became inseparable from philanthropic practice by the turn of the millennium jewish philanthropic institutions reflected the state's growing investment in capitalism against democratic interests but well before that jewish philanthropy had already entered into a tight relationship with the governing forces of american life reinforcing and even transforming the nation's laws and policies the american jewish philanthropic complex uncovers how capitalism and private interests came to command authority over the public good in jewish life and beyond

philanthropy in america is a giant undertaking every year now more than

350 billion is voluntarily given by individuals foundations and businesses to a riot of good causes donation rates are two to ten times higher in the u s than in comparable nations and privately funded efforts to solve social problems enrich culture and strengthen society are among the most significant undertakings in the united states until now though there has been no definitive book on america s distinctive philanthropy this authoritative highly readable new reference fills that hole in a single volume it chronicles the greatest achievements of american private giving profiles the most influential donors collects the essential statistics and summarizes the best ideas on charitable assistance that have been written or spoken readers attracted to fascinating history quirky biographies and true americana will enjoy the lively narrative of this meaty new book

this book presents professional historians addressing the dominant issues and theories offered to explain the history of american philanthropy and its role in american society the essays develop and enlighten the major themes proposed by the books editors oftentimes taking issue with each other in the process the overarching premise is that philanthropic activity in america has its roots in the desires of individuals to impose their visions of societal ideals or conceptions of truth upon their society to do so they have organized in groups frequently defining themselves and their group s role in society in the process

religion in philanthropic organizations explores the tensions inherent in religious philanthropies across a variety of organizations and examines the effect assumptions about professional philanthropy have had on how religious philanthropies carry out their activities among the organizations discussed are the salvation army the world council of churches and catholic charities usa the essays focus on the work of one individual robert pierce founder of world vision and samaritan s purse and on more general matters such as philanthropy and jewish identity american muslim philanthropy since 9 11 and the federal program that funds faith based initiatives the book sheds light on how religion and philanthropy function in american society shaping and being shaped by the culture and its notions of the common good

a publication of independent sector examines the patterns of charitable activity among members of several major faiths and traces the historical and theological roots of giving traditions

this collection brings together the views of a stellar assemblage of scholars practitioners and a host of other talented and distinguished citizens of the independent sector a must read philanthropy monthly in an attempt to analyze future directions of the increasingly influential

nonprofit sector the american assembly and the indiana center on philanthropy sponsored a conference that brought in leading scholars and practitioners participants were asked to consider what forces will determine the shape and activities of philanthropy and the nonprofit sector in the next decade this volume is a product of this inquiry contributors focused on a variety of pressures including the devolution of federal programs the blurring of lines between non profit and for profit organizations the changing distributions of income a revived interest in community and civil society the evolution of religion and other regulatory reform and a retreat of government from various policy areas

exploring american jewish history through 50 historic treasures offers students and general readers new perspectives on the rich complexity of jewish experiences in america as one of america s most fascinating and enduring minorities american jews have played key roles in every era of american history and every region of the country the 50 treasures are depicted in full color and range from a family cookbook to a college campus and include items that are iconic ordinary and whimsical each of the treasures is described in historical material and visual contexts offering readers new unexpected insights into the meanings of jewish life history and culture

how philanthropy has shaped america in the twentieth century american philanthropy today expands knowledge champions social movements defines active citizenship influences policymaking and addresses humanitarian crises how did philanthropy become such a powerful and integral force in american society philanthropy in america is the first book to explore in depth the twentieth century growth of this unique phenomenon ranging from the influential large scale foundations established by tycoons such as john d rockefeller sr and the mass mobilization of small donors by the red cross and march of dimes to the recent social advocacy of individuals like bill gates and george soros respected historian olivier zunz chronicles the tight connections between private giving and public affairs and shows how this union has enlarged democracy and shaped history demonstrating that america has cultivated and relied on philanthropy more than any other country philanthropy in america examines how giving for the betterment of all became embedded in the fabric of the nation s civic democracy

praise for mapping the new world of american philanthropy causes and consequences of the transfer of wealth this book does a wonderful job of guiding the reader through the increasingly changing world of philanthropy these changes must drive dramatic change in the not for profit sector if it is to respond efficiently and effectively only then will we be able to maintain the quality of our society thomas j moran

chairman president and ceo of mutual of america the great wealth transfer has been a mantra for years for fundraisers and donors alike what does it really mean susan raymond and mary beth martin bring rigorous analysis and profound insights to the phenomenon in this book which provides the definitive map for navigating a brave new world of philanthropy fiona k hodgson vice president for leadership giving save the children the anticipated transfer of wealth between generations and its practical implications for philanthropy is the subject of much interest in the nonprofit community edited by noted nonprofit experts susan raymond and mary beth martin mapping the new world of american philanthropy offers candid insightful essays that offer an insider's look at every angle of wealth transfer with contributions by leaders in the field of philanthropy including marc h morial preston h koster steven disalvo nora campbell wood rodney w nichols with hard to find data graphs and charts as well as other practical tools mapping the new world of american philanthropy is your seminal guide to prepare for the coming intergenerational transfer of wealth that will affect your nonprofit and philanthropy in general get practical insights and strategies from the most experienced wealth transfer leaders and practitioners in america

fund raising in the united states is big business some 350 000 nonprofit organizations employ an army of fund raisers all competing for their share employing the latest technology in computerized direct mail and telemarketing the american public is swamped with appeals on behalf of this cause or that as ever more ambitious financial goals are set equally intense are demands on active citizens to staff fund raising drives a 1987 survey found that 48 percent of americans engage in some sort of volunteer work popular philanthropy financed by organized high pressure fund raising is uniquely american this classic history of fund raising in the united states first published in 1965 has been out of print for the last twenty two years despite continuing demand it covers the role of fund raising from the seventeenth century to the present with emphasis on mass secular fund raising in the twentieth century religious fund raising is excluded it documents techniques and problems that are central to the profession today as well as events and persons on the cutting edge as both cutlip and schwartz indicate in this new edition since 1964 the climate for philanthropy has been conditioned by two factors public policies and public perception reduction in federal grants to charities and changes in tax policies have increased the gap between needs and resources public perception is also a problem as the result of rampant scandals competition for the philanthropic dollar is keener than ever but the picture is not all gloomy schwartz outlines nine positive trends among them is increasing interest in philanthropic studies in many areas of academia including history sociology economics public policy behavioral

sciences social work and american studies there is also increasing interest overseas as american approaches to fund raising become an example for other nations

alan rabinowitz provides the first comprehensive analysis of the nontraditional or social change philanthropists who help finance national campaigns and grassroots organizations that focus on improving american society and the environment particularly for minority and low income people written both for funders and grantees already in the field and those just beginning to fund nontraditional activities social change philanthropy in america examines the experience operational practices and future prospects of philanthropists who have been involved in such activities over the past thirty years rabinowitz offers new insights into who the funders are and how they think how funders actually make decisions what types of grants are made and the tax political and historical aspects of social change funding and its role in america s philanthropic system beginning with an introduction to the network of progressive social change funders and grantees and the philanthropic universe within which they operate rabinowitz goes on to analyze the flow of dollars through the nonprofit system the next two sections present detailed portraits of social change funders and grantees in part four the author discusses whether grants for progressive social change are effective and worthwhile whether grantees are sufficiently accountable and whether funders and grantees are meeting each other s needs he then explores progressive funding as an arena of controversy conflicting ideologies and ultimately electoral politics the final chapter looks at challenges and prospects for the progressive social change community as strategies for organizing campaigning and fundraising are developed for the future the appendix illustrates in more detail the range and substance of the field for readers with little previous knowledge of progressive social change philanthropy

a publication of the american association of fund raising council explores the past and present of philanthropy in our society and presents strategies for meeting the challenges of the future
