seeking solutions maximizing american talent by advancing women of color in academia is the summary of a 2013 conference convened by the committee on women in science engineering and medicine of the national research council to discuss the current status of women of color in academia and explore the challenges and successful initiatives for creating the institutional changes required to increase representation of women of color at all levels of the academic workforce while the number of women including minority women pursuing higher education in science engineering and medicine has grown the number of minority women faculty in all institutions of higher education has remained small and has grown less rapidly than the numbers of nonminority women or minority men seeking solutions reviews the existing research on education and academic career patterns for minority women in science engineering and medicine to enhance understanding

of the barriers and challenges to the full participation of all minority women in stem disciplines and academic careers additionally this report identifies reliable and credible data source and data gaps as well as key aspects of exemplary policies and programs that are effective in enhancing minority women s participation in faculty ranks success in academia is predicated on many factors and is not solely a function of talent seeking solutions elucidates those other factors and highlights ways that institutions and the individuals working there can take action to create institutional cultures hospitable to people of any gender race and ethnicity

from napoleon to nuclear war war is hell unravels the brutal rise of total war and its devastating impact on soldiers and civilians alike general william tecumseh sherman said it best during the american civil war war is hell for soldiers as well as for civilians as a pioneer and practitioner of total war sherman knew better than most what warfare had become by the middle of the nineteenth century how it had become a devastating all consuming affair that aimed not only at armies but also at societies and economies in order to undermine a country s will to fight indeed this is the central story of warfare during the past two hundred years from napoleon s massive armies tearing through europe and sherman s march through georgia to the fire bombings of world war ii and the threat of nuclear annihilation in war is hell daniel long tracks the rise of total war across two centuries of bloody warfare and pays special attention to the impact on civilians as they become more deeply enmeshed in armed conflict and as war becomes ever more lethal total war rose from roots in ancient times but gained speed as the world industrialized at the beginning of the nineteenth century it is the story of napoleon and sherman the indian wars on the american plains the rape of belgium in world war i and the rape of nanking in 1937 and the bombings of japanese and german cities during world war ii in the years since 1945 large scale war has declined but the small wars that have proliferated in its place have enmeshed civilians just as thoroughly just as devastatingly vietnam cambodia the iran iraq war bosnia and kosovo rwanda and ukraine remind us that warfare remains total the human cost high war is hell is essential reading for understanding the past as well as a present

this comprehensive account examines the east turkistan islamic movement etim the most significant muslim militant group in china including its origins objectives ideology leadership and tactics to effectively engage china on counterterrorism issues we must understand the capabilities and intentions of the east turkistan islamic movement etim the most significant muslim militant group in china the etim china s islamic militants and the global terrorist threat is the first book to focus specifically on the etim a terrorist group that demands an independent muslim state for the uyghur ethnic minority in northwest china this fascinating study offers a comprehensive account of the group s origins objectives ideology leadership and

tactics it details the historical and contemporary contexts of the uyghur separatist movement the etim s alleged ties to international terrorist networks and the chinese government s interest in promoting the etim as a significant international problem in addition the book addresses conflicting claims about the membership and viability of the organization noting where the chinese government has apparently manipulated information about the etim to suit its own goals a final chapter explores how various countries define etim activities and what that means for relations with china

by 2013 iranians were suffocating as though the streets had become narrower the buildings taller the dirty air thicker in electing hassan rouhani they chose a new reformist leader burying the days when a holocaust denying president had pushed iran to the edge of economic collapse and conflict but the nation hasn t quite broken free iranians are trying to move on yet the islamic republic remains a prisoner of the past plagued by us sanctions a broken economy and the threat of war after 2016 donald trump s presidency derailed the future of millions of people how have iranians met these challenges what future do they imagine now has iran missed its best chance for real change crooked alleys explores iran during some of its darkest days but also its most hopeful

struggles for justice in canada and mexico examines canadian and mexican communities engaged in collective action to address problems related to the context of aggressive capitalism which favours economic freedom of the powerful over the needs of people and the planet the book s several case examples portray income generating projects action to promote health adequate housing and a safe environment including resistance to mining women s resource and advocacy programs as well as grassroots support organizations and independent organizers the author gathered stories in six states in the south of mexico and two provinces in canada between 2004 and 2010 with follow up to 2012 thematically they centre on oppression and struggles for rights experienced by the poor women and indigenous peoples the author s case study method bolsters her narratives by including interviews observation and some participant observation with analysis that draws on social movement theory from sociology and community organizing theory from social work as well as knowledge from social psychology liberation theology popular education and political science the book presents the common themes and illustrates the central theories for practitioners in the many fields that promote social justice social work social development health human rights environmental protection and faith based justice movements among others the conclusion presents a framework for conceptualizing social justice practice as a congruent paradigm composed of values theory objectives and practice methods

answers to environmental issues are not black and white debates around policy are often among those with fundamentally different values and the way that problems and solutions are defined plays a central role in shaping how those values are translated into policy the environmental case captures the real world complexity of creating environmental policy and this much anticipated fifth edition contains fifteen carefully constructed cases through her analysis sara rinfret continues the work of judith layzer and explores the background players contributing factors and outcomes of each case and gives readers insight into some of the most interesting and controversial issues in u s environmental policymaking

a searing look at the human face of bp s disaster in the gulf it is the largest oil disaster in american history and it could happen again it is more than a story of ruined beaches dead wildlife corporate spin political machinations and financial fallout it is a riveting human drama filled with people whose lives will forever be defined as before and after the gulf oil disaster black tide is the only book to tell this story through the perspective of people on all sides of the catastrophe from those who lost their lives loved ones and livelihoods to those who made the policies that set the devastating event in motion those who cut the corners that put corporate profits over people and the environment and those who have committed their lives to ensuring that such an event is never repeated dramatic and compelling black tide exposes the human failings and human cost of the largest oil disaster in american history and how it could easily happen again we cannot allow the bp disaster to be pushed from public view the way bp used chemical dispersants to hide the oil these remarkable stories of loss heroism and culpability are a vivid reminder that this catastrophe will be with us for decades and that we have not yet made the changes necessary to prevent destruction in the future naomi klein author of the shock doctrine the rise of disaster capitalism it s hard to imagine a better person to turn loose on this epochal disaster than antonia juhasz with her compassionate heart vivid prose and rich expertise in both oil and economic policy from oil smeared beaches to the drilling rig s control room to the big picture of big oil and the governments they push around it s not just about disaster it s a series of encounters with real people from oceanographers to oyster shuckers striving to make things right black tide is riveting infuriating and incredibly important rebecca solnit author of a paradise built in hell the extraordinary communities that arise in disaster praise for the tyranny of oil reminds us that those who don t learn the lessons of history are fated to repeat its mistakes usa today a timely blistering critique white hot kirkus starred review a thorough readable takedown of big oil publishers weekly a brave groundbreaking case study a good first step toward true energy independence is to read this insightful book the christian science monitor

state governments recognize the value diaspora populations bring to development

efforts worldwide since 2007 the global forum on migration and development has examined ways to highlight policies and programs that can magnify the resources both human and financial that emigrants and their descendants contribute to development this handbook continues that effort on the basis of earlier investigations by the book's collaborating institutions the academic and policy literature consultations and in depth interviews with government officials and nongovernmental actors and input by 62 national governments the handbook is divided into three major parts each part gives concrete examples of policies and programs that have been effective and pulls out both useful lessons and common challenges associated with the topics at hand the pivotal question now facing many policymakers is not so much if diasporas can benefit their countries of origin but how they do so and what kinds of government policies and programs can foster these relationships

on september 11 2001 america's 700 000 law enforcement officers were forcefully introduced to a new era in policing after islamist terrorists perpetrated the most savage and horrific terrorist violence ever on american soil in spite of the post 9 11 proliferation of information about islamist terrorism many law enforcement officers remain uninformed about the nature scope and reality of this threat even the fbi america's lead law enforcement agency in the struggle against islamist terrorism fails to arm its agents with accurate and comprehensive information to understand this patient merciless and fanatical foe this manual was prepared to address this knowledge void by explaining the underlying politico religious motivations that drives islamist terrorism it contains chapters that explain islamist terrorism and describe the history of islam and the prophet muhammad the tenets of islam and the ideology used to justify terrorist atrocities ranging from suicide homicide bombings in israel to the slaughter of school children in beslan russia are documented the history of jihad the oldest and most successful international islamist group in the world and how this group has established an effective subversive apparatus in america that works tirelessly to dismantle our democratic freedoms is described the text explains that by using a soft form of jihad this group seeks to destroy western ideals and democracy with the goal of replacing them with a fascist totalitarian ideology to obtain world domination and the forced imposition of a seventh century politico religious system of law the radicalization process that can lead apparently well integrated muslim citizens to terrorism is discussed including the taliban and al qaeda terrorist groups a summary of comprehensive information detailing the islamist groups active within america and the dangers they pose to homeland security is provided in addition the appendices contain an arabic name analysis ritual prayer salat jihad holy war verse in the koran jihad campaigns in history the last night letter by muhammad atta who was the leader in the 9 11 attacks and an explanatory memorandum on the general strategic

goal for the muslim brotherhood in north america perfect enemy provides unbiased and accurate information to acquaint our law enforcement officers and homeland security officials with the islamist mindset and threat knowing our adversaries is a fundamental first step in defeating their violent intentions and ensuring our survival peace and safety publisher

compiles all the pertinent data both current and historical on a wide variety of contemporary social issues designed as ready reference tools providing key data on social concerns these books save researchers and students from the cumbersome task of locating the various data in pamphlets legal journals congressional reports newspapers and other sources
