this book seeks to explain two core paradoxes associated with the association of southeast asian nations asean how have diverse

states hung together and stabilized relations in the face of competing interests divergent preferences and arguably weak cooperation how has a group of lesser self identified southeast asian powers gone beyond its original regional purview to shape the form and content of asian pacific and east asian regionalisms according to alice ba the answers lie in asean s founding arguments arguments that were premised on an assumed regional disunity she demonstrates how these arguments draw critical causal connections that make southeast asian regionalism a necessary response to problems give rise to its defining informality and consensus seeking process and also constrain asean s regionalism tracing debates about asean s intra and extra regional relations over four decades she argues for a process driven view of cooperation sheds light on intervening processes of argument and debate and highlights interacting material ideational and social forces in the construction of regions and regionalisms

this book intends to examine the relationship between east asia and southeast asia across three themes historical perspectives economic flows of capital and people and socio cultural connections while a substantial number of chapters in the book focus on overseas chinese living in indonesia and their connections with china and taiwan historically and contemporarily they also provide in depth knowledge of international relationship between east asia and southeast asia part one contending regional approaches consists of four chapters that help readers understand the involvement of east asia from a historical context the first chapter on taiwan before 1975 is followed by a chapter on taiwan s strategy toward southeast asia after the 1980s the remaining two chapters focus on china southeast asia and japan southeast asia relations part two economic flows of capital people consists of six chapters that mainly examine the flow of capital and people between indonesia and taiwan from the colonial period to the present and how this flow changed both societies part three socio cultural connections consists of three chapters this part is a unique contribution to the scholarship that focuses on the transformation of both traditional and popular culture among southeast asia china and taiwan by focusing on different agents

the handbook of east and southeast asian archaeology focuses on the material culture and lifeways of the peoples of prehistoric and early historic east and southeast asia their origins behavior and identities as well as their biological linguistic and cultural differences and commonalities emphasis is placed upon the interpretation of material culture to illuminate and explain social processes and relationships as well as behavior technology patterns and mechanisms of long term change and chronology in addition to the intellectual history of archaeology as a discipline in this diverse region the handbook augments archaeologically focused chapters contributed by regional scholars by providing histories of research and intellectual traditions and by maintaining a broadly comparative perspective archaeologically derived data are emphasized with text based documentary information provided to complement interpretations of material culture the handbook is not restricted to art historical or purely descriptive perspectives its geographical coverage includes the modern nation states of china mongolia far eastern russia north and south

korea japan taiwan vietnam cambodia laos thailand burma malaysia indonesia the philippines and east timor

a history of southeast asia narrates the history of the region from earliest recorded times until today covering present day myanmar thailand cambodia laos vietnam malaysia singapore brunei the philippines indonesia and east timor concisely written and filled with historical anecdotes this authoritative volume is presented in three parts covering both mainland and maritime southeast asia

complete publication of the prehistoric sarmatian and late avar settlement at gyoma 133 békés county microregion this is a full excavation report on work carried out between 1986 and 1988 the last season being in advance of development the bulk of material is of sarmatian roman date and involves three occupation levels the second involving extensive evidence of metallurgy particularly interesting are the results of animal bone study which allow a new picture of sarmatian agriculture to be built up the sarmatians were great horsemen and the discovery of articulated remains of horses and dogs seem to indicate ritual treatment of these important animals

this innovative edited collection provides a comprehensive analysis of modern secularism across asia which contests and expands prevailing accounts that have predominantly focused on the west its authors highlight that terms like secular secularization and secularism do not carry the same meanings in the very different historical and cultural contexts of asia critiquing charles taylor s account of secularism this book examines what travelled and what not in the imperial encounter between western secular modernity and other traditions outside of the west throughout the book state responses to religion at different points in chinese and south east asian history are carefully considered providing a nuanced and in depth understanding of post secular strategies and relations in these areas particular attention is given to catholicism in the philippines vietnam and singapore and hinduism and chinese religion in malaysia singapore and india this theoretically engaged work will appeal to students and scholars of asian studies anthropology religious studies history sociology and political science

vol 15 to the university of leipzig on the occasion of the five hundredth anniversary of its foundation from yale university and the connecticut academy of arts and sciences 1909
