covering children ages 2 to 5 this text demonstrates how the basic developmental characteristics of children ages two to five influence instructional planning curriculum and expectations it contains current complete and useful information in guiding and educating young children the author seeks to correct misinformation about the importance of the early years of a child's life by identifying key developmental theories and giving numerous examples of tasks games and activities to help the reader apply the information through directed principles

this concise but comprehensive book deals with the behavioural and development problems of very young children

briefly reviews high scope early childhood policy paper no 4 the preschool challenge and presents various options state government officials should consider in developing state policies and programs for young children

this book reflects the new approach to guidance in the preschool classroom focusing on positive rather than inappropriate behaviors it provides future and current teachers with the skills to create a prosocial physical environment to anticipate and prevent inappropriate behavior from happening and to help children manage their own behavior contains a child prosocial behavior checklist for

evaluating a child's current social behavior development promotes eight prosocial behaviors: self-esteem, empathy, friendliness, generosity, helpfulness, self-control, cooperation, and respect. It contains information on the other-esteem conflict conversion approach to help children resolve interpersonal conflicts, uses children's books and extension activities to promote good behavior, includes important new findings regarding research on the brain and the emotions ideally suited for teachers and parents. This book will do well in head start training programs and in vocational education programs as well.

Finally, a preschool program for the 1 and 2 year old wants to give your child a boost on their education. Discouraged because daycare centers don't offer a program for your child, don't have much time that's ok, or great for the on-the-go or working parent, only 45 minutes a day, flexible program that can be customized to meet the needs of your child's development, meet the needs of the parents' schedule, simple and easy to use at home curriculum. The curriculum presented in this book is designed for toddler's ages 1-2 years of age, children ages 2-3 years old may also benefit from this curriculum depending on their knowledge of the material presented. A time for preschool is split into sections depicting each day of the week and provides a focus for a particular subject. On each day, the book begins with a note to the parents, a list of quick tips, and then an overview of the curriculum. Each section provides an objective page, a how-to section, and a checklist that is relevant to that particular subject. Additional material is included at the end of the book that provides age appropriate games to play, arts and crafts, and optional materials to purchase or make.
