people typically misunderstand how power works in schools common thinking says that things like high stakes testing school reform efforts and political mandates exert the most power on schools the reality however is that power comes from everywhere it isn't a thing that only certain people possess nor does it operate linearly as in simple actions and reactions instead power acts more like a web if you exert power in one part of a school the effects often spread across the rest of it the usual emphasis on big easy to see influences causes schools to focus on the wrong concerns the big public ones instead of the ones which make the most impact the small daily ones this book examines everyday phenomena inside schools to reveal the complexity and nuance of power and makes practical suggestions for how schools can manage power more effectively to maximize students learning

this book explores the role of the teacher in dual language bilingual education dlbe implementation in a time of nationwide program expansion in large part due to new and unprecedented top down initiatives at state and district level the book provides case studies of dlbe teachers who a implemented the dlbe model with fidelity b struggled to implement the dlbe model and c adapted the dlbe model to meet the needs of their local classroom context the book demonstrates the way teachers as language policymakers navigate and interpret district wide dlbe implementation and the tensions that surface through this

process the research conducted over four years using a variety of methods highlights the challenges and opportunities faced by teachers implementing dlbe and will be of interest to both teachers and administrators of dlbe programs as well as scholars working in bilingual education

this volume includes chapters from educators across the u s who are preparing inservice teachers to work with emergent bilingual students in classrooms
