this handbook presents the concepts of the administrative process as applied to the administration of healthcare delivery the purpose of the book is to provide a roadmap for nurse administrators to use as they negotiate their way through an increasingly complex and evolving field it is a text and a hands on reference texts such as this are needed and authors objectives are met the book is a text for students and handbook for nurse executives my judgment is that it is for graduate students and beginning managers for the most part the authors are credible given it is their fourth edition of the book the illustrations include tables and examples of management tools that serve to highlight important points in the text references are mostly from the early to mid 1990s with some of the older more historical references the table of contents is thorough and easy to use this book covers thoroughly the concepts incorporated in the nursing

administration domain the framework for organizing the chapters is an acceptable framework but not one i prefer the book is useful and the tables and examples are helpful i would recommend its use as a basic reference for graduate students in nursing administration

a guide to students and practising nurses is a simplified step by step nursing procedure which outline the purpose of each nursing procedure equipment requirement activities and an important points to remember while performing the procedure who will benefit from this book this manual procedure is a compilation of the latest and a retro nursing procedure for which will benefit to all nurses who are at the clinical setting who are educators researcher administrator nurses specialist regardless with local or international exposure nursing would not be where it is without all of us working together dr patricia a potter

this book provides comprehensive coverage of the issues critical to professional practice in communication sciences the text is multi contributed and each chapter is written by a leading expert in the field this is the most up to date text on the market and it provides in depth coverage of the recently updated 2005 standards of clinical competence the text is clearly organized and highly approachable for readers and it provides a number of excellent pedagogical features such as case studies tables and decision trees to help reinforce the material
