reliable source on the fundamentals of insurance law covers topics such as insurable interest risk insurer defenses waiver and estoppel recovery subrogation reinsurance and bonds in addition expert analysis provides a sense of the peculiar directions insurance law would take and their erroneous outcomes if the pure principles of contract law were applied

insurance law an introduction is essential reading and will provide you with a thorough understanding of all the main areas including motor property financial and marine insurance the book contains the latest case law and best practice with reference to problem areas including fraudulent claims third party rights against insurers and construing insurance terms comprehensive guidance on all key areas from the duty of utmost good faith to choice of law and jurisdictional issues is given by the leading legal experts in the insurance industry

providing a comprehensive overview of the body of law that regulates the insurance business this advanced introduction evaluates the governing principles policies values and purposes of insurance legislation and related judicial doctrines it examines the ways in which the industry's origins help us understand the present and how insurance connects to major public policy issues that will shape the world for future generations

this treatise explains how certain principles or doctrines such as insurable interests designation of insurers and risk transference apply to property life liability or other types of insurance it also addresses insurance law issues and suggests lines of analysis to consider in order to better evaluate the merits of a claim other subjects include conceptualization classification marketing

indemnity insurability claim processes and settlements also overviews insurance regulation government sponsorship of insurance and resolving disputed claims

this casebook presents insurance law issues in a logical progressive format that facilitates greater understanding of the basic principles of insurance law presented in a cumulative fashion each new insurance law principle builds on is grounded upon previously presented insurance law theories rules each insurance law concept is further explained in introductory paragraphs then illustrated applied tested in landmark recent illustrative insurance law cases followed by pertinent usable notes questions problems sample insurance policies of several representative varieties are collected in the appendix teacher s manual available

the insurance industry has a significant impact on the operation of private law yet remains poorly understood and under theorized in the legal literature filling an important gap this book analyses the interaction of insurance law and the general law of obligations in theory and practice

this open access volume of the aida europe research series on insurance law and regulation brings together contributions from authors with different legal cultures it aims to identify the legal issues that arise from the intersection of two disciplines insurance law and corporate company law these legal issues are examined mainly from the perspective of european union eu law however there are also contributions from other legal systems enriching the perspective with which to approach these issues

this volume of the aida europe research series on insurance law and regulation focuses on transparency as the guiding principle of modern insurance law it consists of chapters written by leaders in the respective field who address transparency in

a range of civil and common law jurisdictions along with overview chapters each chapter reviews the transparency principles applicable in the jurisdiction discussed whether expressly or impliedly all jurisdictions recognize a duty on the part of the insured to make a fair presentation of the risk when submitting a proposal for cover to the insurers although there is little consensus on the scope of that duty disputed matters in this regard include whether it is satisfied by honest answers to express questions or whether there is a spontaneous duty of disclosure whether facts relating to the insured's character as opposed to the nature of the risk itself are to be presented to the insurers the role of insurance intermediaries in the placement process and the remedy for breach of duty transparency is however a much wider concept potential policyholders are in principle entitled to be made aware of the key terms of coverage and to be warned of hidden traps such as conditions precedent average clauses and excess provisions but there are a range of different approaches some jurisdictions have adopted a soft law approach using codes of practice for pre contract disclosure while other jurisdictions employ the rather nebulous duty of utmost good faith leaving aside placement transparency is also demanded after the policy has been incepted the insured is required to be transparent during the claims process there is less consistency in national legislation regarding the implementation of transparency by insurers in the context of handling claims

this guide to the law of insurance contracts is now presented in looseleaf format aiming to make it easy to find answers to contract problems and to allow the information to be continuously updated as the law changes the depth and range analyzes all aspects of insurance contracts and presents detailed content but with a practical structure making it easy to read and making solutions easy to find

starting with an historical view of marine insurance this book then deals specifically with hull and cargo perils and cargo

exclusions and goes on to cover cause sue and labour general average salvage total loss subrogation and double insurance it is intended for lawyers and non lawyers
