the end of the cold war announced a new world order liberal democracy prevailed ideological conflict abated and world politics set off for the promised land of a secular cosmopolitan market friendly end of history or so it seemed thirty years later this unipolar worldview premised on shared values open markets open borders and abstract social justice lies in tatters what happened david martin jones examines the progressive ideas behind liberal western practice since the end of the twentieth

century at home and abroad this mentality he argues took an excessively long view of the future and a short view of the past abandoning politics in favour of ideas and failing to address or understand rejection of liberal norms by non western others he explores the inevitable consequences of this liberal hubris political and economic confusion with the chaotic results we have seen finally he advocates a return to more sceptical political thinking with prudent statecraft abroad and defence of political order at home in order to rescue the west from its widely advertised demise history s fools is a timely account of the failed project to shape the world in the west s image and an incisive call for a return to true politics

padraig o malley is the subject of the new acclaimed documentary the peacemaker a thoughtful autopsy of the failed two state paradigm evenhanded diplomatic mutually respectful and enormously useful kirkus starred review disputes over settlements the right of return the rise of hamas recognition of israel as a jewish state and other intractable issues have repeatedly derailed peace negotiations between israel and palestine now in a book that is sure to spark controversy renowned peacemaker padraig o malley argues that the moment for a two state solution has passed after examining each issue and speaking with palestinians and israelis as well as negotiators directly involved in past summits o malley concludes that even if such an agreement could be reached it would be nearly impossible to implement given the staggering costs palestine s political disunity and the viability of its economy rapidly changing demographics israel s continuing political shift to the right global warming s effect on the water supply and more in this revelatory hard hitting book o malley approaches the key issues pragmatically without ideological bias to show that we must find new frameworks for reconciliation if there is to be lasting peace between palestine and israel

rapid and important developments in the area of energy water nexus over the last two to three years have been significant this new edition of water and energy threats and opportunities is timely and continues to highlight the inextricable link between water and energy providing an up to date overview of the subject with helpful detailed summaries of the technical literature water and energy has been up dated throughout and major changes are new chapters on global warming and fossil fuels including shale gas and fracking the consequences of the deepwater horizon accident in the mexican gulf and the niger delta oil spills new developments in hydropower and continued competition between food water and energy water and energy threats and opportunities 2e creates an awareness of the important couplings between water and energy it shows how energy is used in all the various water cycle operations and demonstrates how water is used and misused in all kinds of energy production and generation population increase climate change and an increasing competition between food and fuel production create enormous pressures on both water and energy availability since there is no replacement for water water security looks more crucial than energy security this is true not only in developing countries but also in the most advanced countries for example the western parts of the usa suffer from water scarcity that provides a real security threat part one of the book describes the water energy nexus the conflicts and competitions and the couplings between water security energy security and food security part two captures how climate change population increase and the growing food demand will have major impact on water availability in many countries in the world part three describes water for energy and how energy production and conversion depend on water

availability as a consequence all planning has to take both water and energy into consideration the environmental including water consequences of oil and coal exploration and refining are huge in north america as well as in the rest of the world furthermore oil leak accidents have hit america africa europe as well as asia the consequences of hydropower are discussed and the competition between hydropower generation flood control and water storage is illustrated the importance of water for cooling thermal power plants is described as this was so tragically demonstrated at the fukushima nuclear plants in 2011 climate change will further emphasize the strong coupling between water availability and the operation of power plants part four analyses energy for water how water production and treatment depend on energy the book shows that a lot can be done to improve equipment develop processes and apply advanced monitoring and control to save energy for water operations significant amounts of energy can be saved by better pumping the reduction of leakages controlled aeration in biological wastewater treatment more efficient biogas production and by improved desalination processes there are 3 powerpoint presentations available for water and energy threats and opportunities 2e about the author gustaf olsson professor em in industrial automation lund university sweden since 2006 gustaf has been professor emeritus at lund university sweden gustaf has devoted his research to control and automation in water systems electrical power systems and process industries from 2006 to 2008 he was part time professor in electrical power systems at chalmers university of technology sweden he is guest professor at the technical university of malaysia utm and at the tsinghua university in beijing china and he is an honorary faculty member of the exeter university in uk between 2005 and 2010 he was the editor in chief of the journals water science and technology and water science and technology water supply iwa publishing from 2007 to 2010 he was a member of the iwa board of directors and in 2010 he received the iwa publication award in 2012 he was the awardee of an honorary doctor degree at utm and an honorary membership of iwa gustaf has guided 23 phds and a few hundred msc students through their exams and has received the lund university pedagogical award for distinguished achievements in the education the lund university engineering students elected him as the teacher of the year he has spent extended periods as a guest professor and visiting researcher at universities and companies in the usa australia and japan and has been invited as a guest lecturer in 19 countries outside sweden he has authored nine books published in english russian german and chinese and and contributed with chapters in another 19 books as well as more than 170 scientific publications

drawing on human rights discourse and a study of the difficulties faced by religious minority groups using the ahmadiyya minority group as a case study this book presents three interconnected challenges to human rights culture in indonesia first it presents a normative challenge describing the gap between philosophical and normative principles of human rights on one side and the overall problems and critical issues of human rights at national and local levels on the other second it considers the political problems in developing and strengthening human rights culture the political challenge addresses the ability or inability of the state to guarantee the rights of certain individuals and minority groups third it examines the sociological challenge of majority minority group relationships in human rights discourse and practices this book describes the background of human rights in indonesia and reviews the previous literature on the issue it also presents a comprehensive review of the

discourses about human rights and political changes in contemporary indonesia the analysis focuses on how human rights challenges affect the situation of religious minorities looking in particular at the ahmadiyya as a minority group that experiences human rights violations such as discrimination persecution and violence the study fills out its treatment of these issues by examining the involvement of actors both from the state and society addressing also the politics of human rights protection

this book analyzes the relations between two geographical areas with different levels of regional institutionalization the european union and latin america characterized by low interdependence and asymmetry this relationship operates in different levels ranging from eu individual countries to eu latin american summits

master s thesis from the year 2016 in the subject pedagogy the teacher educational leadership language english abstract school inspection is one of the most challenging aspects in education it represents an approach of accountability in teaching and learning moreover school inspection provides policy and decision makers with accurate information about the current state of education in their respective institutions the main purpose of this study is to examine and determine the impact of school inspection on teaching and learning in dubai based private schools and to give some recommendations into how to conduct effective school inspection that would positively influence teaching and learning this research included 37 participants 2 inspectors 4 head teachers and 31 teachers from 4 private schools who follow different types of curricula from all grades of

performance according to inspection reports conducted in the 2014 2015 academic year the findings show that school inspection has a significant role in school improvement especially in teaching and learning teachers acknowledge the feedback that inspectors give to them however school inspection also has a negative impact on teaching and learning for instance it forces some schools to show activities they have never done before moreover the school inspection reports and recommendations in some cases are superficial and are not related to the school context moreover they often do not show teachers how they can respond to criticism in the reality of their teaching practice nevertheless the relationship between inspectors and teachers is not that positive especially in some subjects such as arabic language and islamic studies this piece of research suggests some areas for the betterment in school inspection such as giving more importance for sse school self evaluations shortening the notice period visiting schools at different times throughout the academic year making such visits every three years as well as ensuring that school inspectors have a high degree in education and in the subject they inspect nevertheless it recommends establishing an independent school inspection system on the other hand this study suggests further research on the accountability of teaching and learning in dubai in specific subjects such as arabic and islamic studies because reality shows that the recent intervention and policy have not been as fruitful as expected
