while western modern political thought has been a story of inclusion it has also been one of continued exclusion and new forms of political oppression and silencing this is why political theory is so necessary today political thought is diverse from liberal theories laying out ideal democratic institutions to critical analyses of postcolonial settler states to conceptual analyses of the nature of freedom there are very different approaches topics and aims within the tradition of western political theory what binds these diverse forms of thinking together how do they help us to understand political institutions life behaviour and events how do they help us to make decisions in the complex world of politics this book significantly revised and reconceptualized introduces you to the modern discipline of political theory in the western tradition tackling its key debates concepts problems and traditions what is the nature of political concepts what

problems do they pose to thinkers and political actors how have modern political thinkers usually approached thinking about politics how has this been problematized in contemporary debates has modern politics fundamentally ignored economically impoverished groups women indigenous peoples racialized groups and the natural environment how have ideas like freedom equality sovereignty and the state been conceptualized in the modern tradition what tensions has this given rise to delving into topics as diverse as maoism postcolonialism and white supremacy boxed features give you room to explore and expand in political theorising focusing on the texts helps you deal with difficult texts and arguments tradition introduces you to major approaches to political theory thinker allows you to understand the contributions of major figures in political thought thinking globally gives insight into how political theory is adapting to global interconnectedness beyond the west makes you reflect on what can be learnt from non western approaches spanning the development of western political thought from thucydides through to john rawls and beyond with a focus on modern and contemporary debates this is an essential text for undergraduate and postgraduate courses on political thought and political philosophy

1 political theory 2 traditional and modern approaches 3 origin and development of state 4 power and authority 5 sovereignty monism and pluralism 6 justice 7 equality 8 rights 9 liberty

the palgrave handbook on the pedagogy of international relations theory is a collection that explores how best to teach the systems of thought that organize the study of international relations and global politics all chapters document and advance intradisciplinary conversations about the challenge of helping students understand the nuances of ir theory authors document strategies they have successfully applied to that challenge in a variety of contexts and encourage readers to creatively adapt to the challenges of their own pedagogical contexts the handbook is organized around four themes teaching theory for particular audiences and classroom contexts tips for teaching specific theories an exploration of pedagogical approaches to teaching theory and pedagogical considerations specific to courses in geographic regions

fully revised and extended the new edition of this innovative and engaging textbook introduces the central elements of political theory from an applied perspective focusing on 12 high profile contemporary social and political case studies both domestic and global this text shows how political theory illuminates and helps makes sense of important debates in public life this is the perfect introduction for students interested in how political theory can be used to help us solve the political questions of our time whether at a beginner s level or building upon an introduction to theories and concepts new to this edition draws on an even wider range of contemporary and historical political thinkers from different philosophical traditions updated to take recent important cases and controversies into account includes a new chapter which examines leaking classified information

this edited book focuses primarily on contemporary debates and the critical and postmodern theories to be considered a significant

contribution to the field this book shows that critical international relations theories which are incomprehensible and challenging are easy and understandable the book analyzes the frankfurt school constructivism post colonialism feminism critical geopolitics political economy copenhagen school aberystwyth school paris school and ontological security critical theories in international relations argues that neither identity nor security can be considered a fixed and objective issue can change according to time and space and depend on historical and sociological factors nothing is given for critical approaches and they are produced and reproduced in ever changing conditions that lead to new truths and meanings these are the results of reflexive and non linear interactions in this context it is made pedagogically understandable to the readers within this framework
