stimulating succinct and accessible the fully revised and updated fourth edition of this highly successful text offers a truly comprehensive introduction to the study of politics written from an international perspective

this collection of essays assesses the efforts of african governments to constitutionalise decentralisation be it in the form of federalism local government or traditional authorities since the end of the cold war jurisdictions across africa have witnessed an ostensible return to multi party democracy within the paradigm of constitutionalism and the rule of law linked to the democratisation process many countries took steps to decentralize power by departing from the heavily centralized systems inherited from colonial regimes the centralization of power typically characterized by the personalization and concentration of power in the hands of leaders and privileged elites in capital cities mostly resulted in repressive regimes and fragile states as decentralisation is a response to these challenges this volume analyses the dynamic relationship between the efforts to implement decentralization and presence or absence of constitutionalism this volume examines a variety of forms and degrees of decentralization found across africa it advances a new understanding of trends and patterns and facilitates the exchange of ideas among african governments and scholars about the critical role that decentralisation may play in democratization of and constitutionalism in africa this is an open access title available under the terms of a cc by nc nd 4 0 international licence it is free to read on the oxford academic platform and offered as a free pdf download from oup and selected open access locations

this book shows the importance of political ideas in policy making and demonstrates the extent to which pragmatic considerations preclude the imposition of rigid ideological programmes it charts the decline of the postwar british consensus the changing face of both the conservative and labour parties under the long shadow of thatcherism and the growing emergence of single issue policies such as environmentalism and feminism with an extensive bibliography and suggested seminar and essay topics principles and politics can be used on any course which focuses on contemporary british politics as well as having general appeal to those interested in looking at the contemporary political and ideological debate in the context of wider issues and trends this second edition is completely revised and updated
