in this volume the author reviews the results of research on language performance and proposes a model of production and comprehension although recent developments in linguistics are taken into account consideration of other requirements of a performance model leads to the conclusion that the grammar the speaker has in mind differs from the grammar as currently conceived of by most linguists the author is also critical of recent computer simulations of language performance on the basis that they fall short of describing what goes on in human production and comprehension the author therefore proposes that the basic issues must be rethought and new theoretical foundations reformulated in order to arrive at a viable theory of language functioning in developing the framework of the model presented in this book requirements of flexibility in the performance mechanisms the probabilistic nature of comprehension processes and the interleaving of linguistic rules with context and knowledge of the world are emphasized

remediation in medical education is the act of facilitating a correction for trainees who started out on the journey toward becoming excellent physicians but have moved off course this book offers an evidence based and practical approach to the identification and remediation of medical trainees who are unable to perform to standards as assessment of clinical competence and professionalism has become more sophisticated and ubiquitous medical educators increasingly face the challenge of implementing effective and respectful means to work with trainees who do not yet meet expectations of the profession and society remediation in medical education a mid course correction describes practical stepwise approaches to remediate struggling learners in fundamental medical competencies discusses methods used to define competencies and the science underlying the fundamental shift in the delivery and

assessment of medical education explores themes that provide context for remediation including professional identity formation and moral reasoning verbal and nonverbal learning disabilities attention deficit disorders in high functioning individuals diversity and educational and psychiatric topics and reviews system issues involved in remediation including policy and leadership challenges and faculty development

the song of songs was one of the most frequently interpreted biblical books of the middle ages most scholarly studies concentrate on monastic interpretations of the text which tend to be contemplative in nature in out of the cloister suzanne lavere reveals a particularly scholastic strain of song of songs exegesis in which cathedral school masters and mendicants in and around 12th and 13th century paris read the text as christ exhorting the church and clergy to lead an active life of preaching instruction conversion and reform this new interpretation of the song of songs both reflected and influenced an era of far reaching church reform and offered a program for secular clergy to combat heresy and apathy among the laity

a former senior mujahidin fighter teams up with an ex counter terrorism analyst in this remarkable account from the frontlines of the jihad

how do words mean what is the nature of meaning how can we grasp a word s meaning the frame semantic approach developed in this book offers some well founded answers to such long standing but still controversial issues following charles fillmore s definition of frames as both organizers of experience and tools for understanding the monograph attempts to examine one of the most important concepts of cognitive linguistics in more detail the point of departure is fillmore s conception of frames of understanding an approach to cognitive semantics that fillmore developed from 1975 to 1985 the envisaged understanding semantics u semantics is a semantic theory sui generis whose significance for linguistic research cannot be overestimated in addition to its crucial role in the development of the theoretical foundations of u semantics corpus based frame semantics can be applied fruitfully in the investigation of knowledge building processes in text and discourse

james bishop was convicted and sent to prison for serious offences with plenty of time on his hands he rediscovered profound and effective techniques for meditation through the help of the world community for christian meditation which does much prison work around the world he then turned to the rule of st benedict and found in it a model and pattern of living which gave him balance and stability and helped to cure his own emotional disorders this book is aimed at all those who are imprisoned in the modern world not just prison inmates but all those battling with personal emotional and psychological difficulties

following the success of john of the cross continuum 2010 and return to the mystical continuum 2011 dr peter tyler completes his mystical trilogy with a penetrating analysis of the life work and context of st teresa of avila this most popular and influential of all saints to coincide with her anniversary year in 2015 he presents an accessible volume on the saint including the background to her life and times her mystical theology instructions on prayer and relevance for today the book consists of three parts the context of teresa s life an examination of the texts themselves and finally an exploration of teresa s relevance to our postmodern world including chapters on teresa and psychology mindfulness meditation and personal development this book is a major contribution to teresian scholarship and a welcome addition to her anniversary celebrations

one of the most complete and in depth books ever written on the subject of terrorism from a spiritual perspective in this book you will receive a full spectrum prism consciousness understanding from spirit and the ascended masters perspective on terrorism in general and specifically on the soul s perspective of the terrorist bombing of the twin towers on 9 11 this is one of the most comprehensive overviews ever written on this subject and brings forth an absolutely brilliant and clear understanding of the entire sequence of events from a spiritual psychological and political or earthly perspective in truth must reading for everyone in the world given the magnitude of the events we are all now experiencing in our world
