in 1990s post reform china a growing number of people armed with video cameras poured out upon the chinese landscape to both observe and contribute to the social changes then underway happening upon the crucial platform of an older independent film movement this digital turn has given us a dv china that includes film and media communities across different social strata and disenfranchised groups including ethnic and religious minorities and lgbtq communities dv made china takes stock of these phenomena by surveying the social and cultural landscape of grassroots and alternative cinema practices after the digital turn around the beginning of the new century the volume shows

how chinese independent amateur and activist filmmakers energize the tension between old and new media performance and representation fiction and non fiction art and politics china and the world essays by scholars in cinema and media studies anthropology history asian and tibetan studies bring innovative interdisciplinary methodologies to critically expand upon existing scholarship on contemporary chinese independent documentary their inquiries then extend to narrative feature activist video animation and other digital hybrids at every turn the book confronts digital ironies on the one hand its portability facilitates forms of radically private film production and audience habits of small screen consumption yet it also simultaneously links up makers and consumers curators and censors allowing for speedier circulation more discussion and quicker formations of public political and aesthetic discourses dv made china introduces new frameworks in a chinese setting that range from aesthetics to ethical activism from digital shooting and editing techniques to the politics of film circulation in festivals and online politics the authors urge travels along paths of aesthetic excitement and aesthetic choices conversely always bear ethical consequences the films their makers their audiences and their distributional pathways all harbor implications for social change that are closely intertwined with the fate of media culture in the new century of a world that both contains and is influenced by china

leading scholars examine china s global strategic plans from hong kong to military power to economic dominance over the past few decades china has increasingly challenged the global influence of the united states in china s grand strategy david b h denoon brings together a group of eminent scholars to explain china s rapid ascendance on the world stage as well as its future implications for global politics contributors address the military economic diplomatic and internal political factors shaping china s strategy in addition to highlighting beijing s objectives in different parts of the world such as central asia africa and the middle east ultimately they explore the promise and perils of china s rapidly changing political ambitions showing how the country has made its mark on the twenty first century china s grand strategy provides insight into china s quest to become a global leader particularly at a time when the future of both china and the us remain uncertain in the context of current crises like the coronavirus pandemic the ongoing protests in hong kong and escalating tension between top leaders and officials this book cannot predict the future for china or the us but the insights offered can help make sense of where we have been and where we are going

this book discusses the impact of artificial intelligence ai on international relations theories as a phenomenon ai is everywhere in the real world and

growing through its transformative nature it is simultaneously simplifying and complicating processes importantly it also overlooks and misunderstands globally leaders diplomats and policymakers have had to familiarise themselves and grapple with concepts such as algorithms automation machine learning and neural networks these and other features of modern ai are redefining our world and with it the long held assumptions scholars of ir have relied on for their theoretical accounts of our universe the book takes a historic contemporary and long term approach to explain and anticipate ai s impact on ir and vice versa through a systematic treatment of 9 theoretical paradigms and schools of thought including realism liberalism feminism postcolonial theory and green theory this book draws on original datasets innovative empirical case studies and in depth engagement with the core claims of the traditional and critical theoretical lenses to reignite debates on the nature and patterns of power ethics conflict and systems among states and non state actors

this book offers a comprehensive review of the communist party of china s approach to diplomacy through an extensive evaluation of the major practices and theories behind the party s diplomacy with its main achievements in its 90 years of diplomacy highlighted it delves into the views held by the communist party of china on the changing times the international system national interests and developments in china s diplomacy other topics covered at length include china s traditional and non traditional diplomatic practices as well as basic characteristics of the party s diplomacy few books have touched on the communist party of china s diplomatic history in detail china s diplomacy theory and practice fills the gap by shedding insights on the communist party of china s global strategies and diplomatic planning contributing to the building an international relations theory with chinese characteristics readers will gain a deeper understanding of china s international relations from the forward looking analyses on the party s core role in leading china s diplomacy and the theoretical explanations behind the practices

what we have attempted has been to gather and present in a way to be easily understood the most important facts respecting pottery and porcelain preface

discusses long hours and working conditions of employees working in china including of overseas large brand name companies

in made in china donald n sull profiles eight of these formidable chinese ventures to reveal the secrets behind their surprising success sull argues that in uncertain markets successful companies consistently responded more quickly and effectively to shocks that threatened their very survival and forced less

successful competitors out of business they quickly seized major opportunities that positioned them well for the future during periods of relative calm they employed a dynamic approach to strategy active waiting by constantly anticipating and responding to evolving threats and opportunities faster than competitors based on extensive research and illustrated through detailed case studies of firms such as home appliance leader haier and internet portal pioneer sina corporation made in china distills a set of winning strategies for managing in any unpredictable market book jacket

can we truly believe god is active and good amidst such rampant evil are there satisfying answers as to why our creator has allowed so much evil to flourish we tend to believe either god must not be loving or must not be actively involved yet throughout history believers and nonbelievers alike have pressed forward to respond to this great challenge at the core of all life from lenin to mao and hitler to tolstoy gandhi and mlk jr adjunct professor of biblical studies jered gritters details how some of the worst evil has not prevented the greatest solution the world has ever seen from having its impact applying the sermon on the mount an all important relational approach demonstrates how anyone can help to solve the problem of evil in any time or place with empirical evidence backed up by history and a biblical foundation the existence of evil is shown not to be the unsolvable conundrum many tend to think it is solidly researched and carefully translated gritters collects the historical theology and philosophy to demonstrate how god is actively pursuing a solution to evil and inviting us to participate with him in it exploring why god allowed evil in the first place present evil active god brings fuller context and needed synthesis to what god has always been doing deeply engaging in bringing about his intended solution to our inescapable struggle with evil in the end those with eyes to see will recognize with new clarity the masterful plan designed to satisfy our existential crisis once and for all
