sri lanka s conflict and peace processes have gained global attention during recent years this book presents a comprehensive insight into the politics of reconstruction and development in sri lanka focussing on the ceasefire which was negotiated between the government of sri lanka and the separatist liberation tigers of tamil eelam in 2002 and which lasted until 2006 based on extensive empirical fieldwork the book provides a unique ethnographic account of this specific historical period of peace it explains how development was shaped by interplay and cooperation but also by the disparities and conflicts between a variety of local and intervening actors including local organizations and civil society lte government of sri lanka international development cooperation and the tamil diaspora starting from an interdisciplinary viewpoint the author integrates findings from development sociology with new perspectives on transnationalization and the migration development nexus this provides a fine grained analysis of the emerging development visions and perspectives in relation to transnationalization and global interconnectedness making an innovative contribution by linking the analysis of local reconstruction with contemporary phenomena of transnationalization diasporization and globalization this book will appeal to those with an interest in sociology social anthropology and political science

this book seeks to understand how governance agendas are constructed at both the global and national levels and asks what factors define success and failure in their implementation it features case studies drawn from africa latin america and asia

in the past two decades the international community has shown an increased proclivity to engage in programmes of post conflict reconstruction in the aftermath of wars during the same period increased globalisation has meant that multinational companies have grown greatly in size and influence and have begun to challenge existing notions of governance at a global level here peter davis explores the reconstruction processes that have taken place in azerbaijan

bosnia and rwanda based on extensive field work as well as existing literature this book plots the recovery of these countries from conflict and examines in detail the role that international companies have played in that process the book also explores how companies impacts on reconstruction are governed both by the companies themselves and by the host government and international agencies managing the rebuilding process

psychology library editions child development 20 volume set brings together a diverse number of titles across many areas of developmental psychology from children s play to language development the series of previously out of print titles originally published between 1930 and 1993 with the majority from the 70s and 80s includes contributions from many respected authors in the field and charts the progression of the field over this time

the social question is back yet today s social question is not primarily between labour and capital as it was in the nineteenth century and throughout much of the twentieth the contemporary social question is located at the interstices between the global south and the global north it finds its expression in movements of people seeking a better life or fleeing unsustainable social political economic and ecological conditions it is transnationalized not only because migrants and their significant others entertain ties across the borders of national states staying in touch with family and friends receiving or sending financial remittances in transnational social spaces also of importance are cross border recruitment schemes for workers and the cross border diffusion of norms appealed to in the case of migration for example the social right to decent work as a human right moreover migration can become an issue of inclusion or exclusion in fields important to life chances in the emigration transit or immigration states a transnationalization of national states and as in the nineteenth century political conflicts arise constituting the social question as a public concern in earlier periods class differences dominated conflicts while class has always been criss crossed by manifold heterogeneities not least of all cultural ones around ethnicity religion and language it is these latter heterogeneities that have sharpened in situations of immigration and emigration over the past decades casting a wide net in terms of conceptual and empirical scope this book tackles both the social structure and the politics of social inequalities it sets a comprehensive agenda for research which also includes the public role of social scientists in dealing with the transnationalized social question

agriculture is vitally important to humanity climate change environmental pollution global warming and the covid 19 pandemic have highlighted the importance of food safety and food security this book discusses sustainable agriculture and its importance in combatting the adverse effects of climate change and meeting the world s food demand and essentially the technologies to be used for ce to prevent climate change should be common property of humanity this may be a new paradigm but the real issue is the future of the earth and ensuring the continuity of sustainable life it is a fact that the creation of such a culture of sharing will serve all the sdgs put forward by the un
