this book endorses feminist critiques of gender yet upholds the insight of traditional christianity that sex commitment and parenthood are fulfilling human relations their unity is a positive ideal though not an absolute norm women and men should enjoy equal personal respect and social power in reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of christian morality cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity she thus adopts a critical realism as its moral foundation drawing on aristotle and aquinas moral judgment should be based on reasonable practical prudent and cross culturally nuanced reflection on human experience this is combined with a new testament model of community centred on solidarity compassion and inclusion of the economically or socially marginalised

this collection of articles present a variety of broadly christian responses to issues such as sexuality and gender sexuality and spirituality gay and lesbian sexuality sexuality and violence sexuality and singleness and the family

suggestions for resolving the problem of an exclusively male god image that are both faithful to the tradition and liberating for women

in a provocative reexamination of the ethics of family community and sex the author contends that the christian right s campaign against homosexuality has come to limit the agenda for american christianity as a whole we should be asking not whether gay people should be allowed to fit in but rather which historically gay practices can help transform the schismatic failing church today

case studies upon the use of concepts like feminization and masculinization in relation to christianity since the 1970s the feminization thesis has become a powerful trope in the rewriting of the social history of christendom however this thesis has triggered some vehement debates given that men have continued to dominate the churches and the churches themselves have reacted to the association of religion and femininity often formulated by their critics by explicitly focusing their appeal to men in this book the authors critically reflect upon the use of concepts like feminization and masculinization in relation to christianity

dall introduzione this volume presents the contributions of an international research group on gender models in formative christianity and islam funded by the research council of norway

deborah sawyer discusses this crucial yet unresolved question in the context of contemporary and postmodern ideas about gender and power based on fresh examination of a number of texts from hebrew and christian scripture such texts offer striking parallels to contemporary gender theories particularly those of luce irigaray and judith butler which have unravelled given notions of power and constructed identity through the study of gender in terms of its application by biblical writers as a theological strategy we can observe how these writers use female characters to undermine human masculinity through their higher intention to elevate the biblical god god gender and the bible demonstrates that both maleness and femaleness are constructed in the light of divine omnipotence unlike many approaches to the bible that offer hegemonist interpretations such as those that are explicitly christian or jewish or liberationist or feminist this enlightening and readable study sustains and works with the inconsistencies evident in biblical literature

engage with the bible's trajectory of radical inclusion and to form an inclusive theology which is both christ like and biblical the gender agenda also explores what it can mean to be transgender in a less than fully inclusive society and the hurt pain and mental health issues that can arise when people feel they have to suppress their true gender identity the gender agenda has been warmly welcomed by leading christian voices including rev dr sam wells vicar of st martin in the fields in this welcome study steve chalke regards gender identity not as a problem to be fixed or a norm to be upheld but as a mystery to be entered with grace understanding and the expectation of being amazed placing the contemporary church within the narrative of the acts of the apostles chalke invigorates this discussion by reminding christians that we are the early church and we all need to keep up with a god who is never calling us back to a static standard but always ahead of us imploring us to catch up reading this short account is an exercise in rediscovering the diverse glory of god's kingdom jayne ozanne director of the ozanne foundation founding member of the archbishops council for the church of england and member of general synod the gender agenda forces us to take a deeper look at scripture and understand that god's heart is radically inclusive like steve i believe we need a revolution of grace that ensures the whole body of christ can truly flourish
