picking up a guitar and making beautiful music is a great feeling whether you're young or old there's no better feeling than learning to play an instrument sadly most people believe that they will never learn how to play guitar local guitar teachers seem like a great option at first but you could risk getting stuck with a wannabe rock star who can't really teach you or you could try youtube but most of those videos go way too fast and they don't teach you the right way to play too many people start with bad guitar lessons get frustrated and give up forget about boring theory and repetitive exercises what you need is a solid guide that was made for beginners and taught by experts using this book beginners can start playing songs right away through mastering the fundamentals in easy step by step lessons go from knowing nothing about the guitar and learning to play songs everybody loves in just weeks even if you've never touched a guitar before or have no musical knowledge in this book you will discover chords that will allow you to easily play millions of songs common challenges when learning to play the guitar how to overcome them music theory made fun easy how to pick a great guitar for a beginner avoid this mistake how to tune your guitar struggling with strumming learn the best exercises create fast heavy riffs like metallica with power chords improvisation tips that will take from an average to an awesome guitar player prevent bad habits get fast results 8 guitar chords you must know learn funk blues rock acoustic and many more styles from guitar legends and much more imagine being the star at the party where everyone loves you for your new musical talent whether you've had dreams of becoming a rock star or you just want to learn to play your favorite songs for friends and family what are you waiting for try it out learn to play the guitar with this book

have you ever wanted to play the guitar but didn't know where to start? I know with so many guitar websites and blogs out there it's so easy to get overwhelmed. I created this book to teach you the easy way to play the guitar. No, I won't be teaching you how to play the flamenco or shred the guitar like Carlos Santana. That would take years, even decades to master. What you'll learn is a simpler but equally fun way of playing the guitar using simplified guitar chords. What are guitar chords? You say, "Go to the YouTube and search for any song you like acoustic cover, see those guys playing the guitar and singing? Yep, they're using guitar chords." So if you want to be able to jam with your kids or your friends or become the next YouTube sensation, this book is for you. Guitar chords are really super easy to learn; all you need to do is memorize the 12 major chords. That's it! It's actually even easier because it's really just seven chords. Two of them are movable and can be used to generate the other chords more on that later. At the movable chords section from those 12 major chords, you can derive many chord variations. These chord variations are derived using simple and easy-to-understand formulas with these major chords and its common variations. You can play most of the songs that you hear on the radio today. What's more? I'll teach you how to use the circle of fifths and chord progressions to predict what chords will be used on any given song. This is the foundation of learning how to play the guitar by ear. In this book, you'll learn how to tune your guitar, how to play the 18 most commonly played chords, what are the 12 major keys, how to play the 12 major chords using open and bar chords, how to use movable chords, how to transpose chords, how to spice up major chords with chord variations, learn about chord progressions, learn about the circle of fifths, practice with sample songs and video playlists, guitar playing tips, software apps and resources for learning guitar. Are you excited yet? Go ahead and dig into this book; spend a few hours practicing and impress your girlfriend or boyfriend already!

Teach yourself how to play piano with our easy piano lessons for beginners. Comes with online access to free piano videos and audio demonstrating all examples. See and hear how each one is played by a teacher, then play along with the backing band. Also includes music score and piano animation for easy music learning.
