this volume is a handbook for pr professionals containing food for thought and recommendations of what to consider when planning and executing international press conferences

achieving your goals quickly and efficiently is both more difficult and more important in today

s hyper globalized world a new environment is being created by disruptive technology radical new business models digital communications and a highly integrated global supply chain it is a world in which a reality tv host and businessman became president of the united states in which terrorists use social media to recruit members and to broadcast executions in which the very existence of the nation state is in question where everyone can communicate globally 24 hours a day at no cost and in which a leader is much more likely to be at the center of a crisis today successful global leaders will be those that have a working knowledge of strategic public relations as described in this book for current and future leaders of business and government it is essential to understand the forces creating this very challenging new environment and to acquire a new skill set this book provides the needed understanding and teaches you the skill of public relations as multi stakeholder relationship management it shows how to achieve your goals and objectives when others fail by building win win outcomes with current and future employees investors suppliers distributors customers governments and all the other stakeholders written by a veteran public relations professional and a visiting professor of major graduate schools of management

this shortform book defines and situates the role of public relations as a creative industry and discusses the trends and issues that the sector is facing within the wider context of the creative industries traversing and distilling both industry and scholarly research the author will call on perspectives from a range of areas including creativity psychology advertising and marketing creativity and innovation are crucial elements in times of profound transformation such as those being experienced nowadays by the pr industry the ability to generate new ideas is a competitive advantage of organizations nevertheless although traditionally the focus has been on individual creativity this book highlights the importance of organizational creativity in pr becoming a result of teamwork and social interaction this book will be a valuable resource for researchers and scholars looking at how creativity is an important asset in public relations it will also be useful for students of corporate communication and public relations studies for both undergraduate and postgraduate programs and pr practitioners who want to increase their creativity learning from creative techniques and case studies

the second edition of the public relations writer s handbook offers a simple step by step approach to creating a wide range of writing from basic news releases pitch letters biographies and media alerts to more complex and sophisticated speeches media campaign proposals crisis responses and in house publications in addition the thoroughly expanded and updated second edition shows how to keep up with the best practices of the public relations

profession as well as with the speed made possible and required by the digital age

the caterpillar factory offers a unique insider's account of the approach skills and processes needed to build a successful career in today's booming PR business. It sets out the links in the PR business chain from the basic consultancy model to winning new clients and from exploiting the news agenda to preparing clients for a successful media interview. The caterpillar does all the work but the butterfly gets all the publicity. This quote from American comedian George Carlin provides the central motif for the book, which is a must-read for all students of public relations and communications who want to become successful PR advisors and consultants. It is a technical book packed with theory, practice, examples and exercises but set out in an accessible way using frontline experience and examples to drive the narrative. Drawing on a rich variety of sources, it gives the inside track on the applied business of public relations in the agency and workplace setting, explaining what consultancy really means and showing how to go about the process of attracting and winning new business. These steps are followed by chapters that unlock the world of media relations from how to plan and manage media campaigns, structure and pitch effective news releases, broaden coverage through features and show clients how to become effective spokespeople. The book offers a perspective on the science of applied social psychology that drives modern public relations, shares techniques to launch new products and sets out a structure for winning proposals and rules on writing style. Along the way, it provides pen portraits of the great pioneers of PR, engineers of consent such as Edward L. Bernays and Ivy Ledbetter Lee, and offers a glimpse into the lifestyle of today's caterpillar in a busy agency. Much of the content of the Caterpillar Factory has been tested with hundreds of trainees and it is designed to be a valuable addition to the knowledge and skills base of all PR students.

Research Methodology: Concept and Cases provides a comprehensive and stepwise understanding of the research process with a balanced blend of theory, techniques and Indian illustrations from a wide cross-section of business areas. This book makes no presumptions and can be used with confidence and conviction by both students and experienced managers who need to make business sense of the data and information that is culled out through research groups. The conceptual base has been provided in comprehensive yet simplistic detail, addressing even the minutest explanations required by the reader. The language maintains a careful balance between technical know-how and business jargon. Every chapter is profusely illustrated with business problems related to all domains: marketing, finance, human resource and operations. Thus, no matter what the interest area may be, the universal and adaptable

nature of the research process is concisely demonstrated

includes supplements

the style of writing is friendly it is not stuffy and certainly not formal there are numerous examples throughout the book would make a good addition to a grants office library the grant advisor this excellent self help book is for first time proposal writers and planners or for those who are without easy access to sources and materials the authors use a concise straight forward and topical approach relying on proven examples of how to find grants and how to plan write and submit proposals that get results the book also explores the information sources and technologies now available for locating federal foundation or corporate funding programs the authors share their streamlining techniques for submitting more proposals in less time a special bonus is the list of writing tips as well as a list of the most likely reasons proposals are rejected
