basics of civil engineering is considered as one of the basic subjects for all the engineering students of all branches the contents of this book are framed in such a way that will be useful to the technocrats who are working on the administrative positions to deal with the basic knowledge of civil engineering

indira gandhi s ascent as prime minister of india in 1966 was entirely unforeseen but she soon emerged as one of the most powerful political leaders of her times who

transformed the world's largest democracy she served as prime minister for a remarkable fifteen years leaving behind a complex and deeply controversial legacy in this fascinating account. Srinath Raghavan tells the story of Indira Gandhi's political career and the momentous changes that India experienced under her leadership from her tentative start in high office to her remarkable electoral victories the dark days of the Emergency of 1975-77 and her assassination at the hands of her bodyguards in 1984. Raghavan sheds new light on her politics and government as well as on her adversaries and critics. He shows how the 1970s were the hinge on which the history of the country turned and how Indira Gandhi transformed the new postcolonial nation into the India of today.

preface law is a system of rules that are created and enforced through social or governmental institutions to regulate behavior. It has been defined both as the science of justice and the art of justice. Law is a system that regulates and ensures that individuals or a community adhere to the will of the state. State enforced laws can be made by a collective legislature or by a single legislator resulting in statutes by the executive through decrees and regulations or established by judges through precedent normally in common law jurisdictions. Private individuals can create legally binding contracts including arbitration agreements that may elect to accept alternative arbitration to the normal court process. The formation of laws themselves may be influenced by a constitution written or tacit and the rights encoded therein. The law shapes politics, economics, history and society in various ways and serves as a mediator of relations between people. It is in this context a textbook on introduction to the subject of legal business environment is presented to the students of management program. The book contains the syllabus from basics of the subjects going into the intricacies of the subjects. All the concepts have been explained with relevant examples and diagrams to make it interesting for the readers. An attempt is made here by the experts to assist the students by way of providing case based study material as per the curriculum with non-commercial considerations. However, it is implicit that these are exam oriented study material and students are advised to attend regular class room classes in the institute and utilize reference books available in the library for in depth knowledge. We owe to many websites and their free contents. We would like to specially acknowledge contents of website wikipedia.com and various authors whose writings formed the basis for this book. We acknowledge our thanks to them at the end. We would like to say that there is always a room for improvement in whatever we do. We would appreciate any suggestions regarding this study material from the readers so that the contents can be made more interesting and meaningful. Readers can email their queries and doubts to our authors on sjp10ng@gmail.com. We shall be glad to help you immediately. Authors: Dr. Mukul Burghate and Dr. Sunil Ikharkar.
