this book offers a portrayal of the opportunities for social inclusion afforded to young people in latin america and the caribbean with a view to building stronger youth policies in the region the youth population must be included in development processes if progress is to be made towards more egalitarian societies not only because of the numbers of young people vis áa vis the rest of the population but also because of what these numbers mean in relation to dependency rates and the needs and issues particular to this stage of life back cover

el anuario estadístico de américa latina y el caribe presenta un conjunto de estadísticas básicas que caracterizan la situación económica sociodemográfica y ambiental de la región referidas a un período en particular esta información forma parte del conjunto de estadísticas disponibles en cepalstat el portal de bases de datos y publicaciones estadísticas de la cepal en línea estadísticas cepal org cepalstat las versiones impresa pdf y electrónica del anuario no son exactamente iguales en la primera se reúne una selección de cuadros orientados a brindar información estadística desde la perspectiva regional privilegiando la comparabilidad internacional de los datos como es el caso de la información sobre pobreza y sobre cuentas nacionales en dólares elaboradas por la cepal la versión electrónica en línea en el sitio web de la cepal interwp cepal org anuario estadístico anuario 2015 incluye un mayor número de cuadros que brindan información más detallada y sobre un período histórico mucho más amplio acerca de la situación económica social y ambiental de los países

this report analyses the scope for mobilizing resources to fund sustainable development within the framework of the 2030 agenda for sustainable development

this book reflects on the public policies programmes and regulatory frameworks that are taking a rights based approach to expanding social protection coverage and benefits in latin america with a view to achieving universal coverage its discussion of the policy tools and programmes pursued in the region aims to provide the reader with technical and programmatic insights for assembling and coordinating public policies within consistent and sustainable social protection systems the combination of normative orientations and stock of technical knowledge together with advances regarding the rights based approach to social protection within a life cycle framework afford the reader not only a tool box of specific social protection instruments but also an in depth examination of related political economy aspects

this document presented by the economic commission for latin america and the caribbean eclac to its member states at its thirty sixth session provides an

analytical complement to the 2030 agenda for sustainable development from a structuralist perspective and from the point of view of the latin american and caribbean countries the proposals made here stem from the need to achieve progressive structural change in order to incorporate more knowledge into production ensure social inclusion and combat the negative impacts of climate change the reflections and proposals for advancing towards a new development pattern are geared to achieving equality and environmental sustainability in these proposals the creation of global and regional public goods and the corresponding domestic policies form the core for expanding the structuralist tradition towards a global keynesianism and a development strategy centred around an environmental big push

the world of work is going through far reaching transformations these transformations have a strong impact on labour markets and pose new challenges for their institutions including unemployment protection and technical and vocational education and training tvet which are crucial to the creation of full and productive employment and decent work for all constantly changing labour markets and the growing heterogeneity of labour relations present major challenges for the design of unemployment protection instruments in addition a highly skilled workforce is a key element for any development strategy that aims to base economic growth on innovation and knowledge moreover national technical and vocational education and training systems must meet increasingly diverse demands from both the production sector and persons seeking decent work by analysing recent experiences in latin america and asia in relation to unemployment protection and tvet systems as well as the challenges the countries of the two regions face as they develop these labour market institutions this volume seeks to contribute to the debate on the formation of labour market institutions that foster sustainable development in a changing world of work publisher s description

dynamic asia has overtaken the european union as latin america and the caribbean s second largest export market after the united states however the region s exports to asia remain concentrated in few commodities involved a small number of large firms this book explores the present and future scope for the participation of small and medium sized enterprises smes in biregional trade and value chains and the measures that can be taken to make those chains more inclusive and sustainable it encourages governments in latin america to improve the business environment in order to encourage multinational firms to invest upgrade and innovate in the region

this publication sets out and analyses the main foreign direct investment fdi trends in the countries of latin america and the caribbean the 2017 edition shows that the

region is at a difficult juncture fdi inflows declined by 7.9 in 2016 to us 167 043 billion representing a cumulative fall of 17.0 since the peak in 2011 the fall in commodity prices continues to affect investments in natural resources sluggish economic growth in several countries has slowed the flow of market seeking capital and the global backdrop of technological sophistication and expansion of the digital economy has concentrated transnational investments in developed economies

this publication looks at changes that have occurred with the production structure trade and society in central america and the dominican republic and how they have influenced the countries growth trajectories one of the conclusions it reaches is that the subregion overall has enjoyed faster economic growth than the rest of latin america over the two decades examined 1990 2011 which has helped to raise incomes and living standards yet this progress falls far short of what is needed given the high levels of poverty and indigence and the glaring inequalities suffered by much of the population in central america and the dominican republic

the 2017 edition of the economic survey of latin america and the caribbean has three parts part i outlines the region s economic performance in 2016 and analyses trends in the early months of 2017 as well as the outlook for the rest of the year it examines external and domestic factors that have influenced the region s economic performance and draws attention to macroeconomic policy challenges part ii analyses the characteristics of the current economic cycle in the region 2009 2016 and contrasts it with the two preceding cycles 1990 2001 and 2002 2008 it also identifies and attempts to explain some of the determinants of the cycle and outlines possible strategies for regaining growth part iii contains notes relating to the economic performance of countries of the region

this version of the preliminary overview of the economies of latin america and the caribbean provides a development overview of the region s economy in 2014 and growth projections for 2015

the demographic observatory 2015 contains selected indicators from the 2015 revision of estimates and projections for the populations analysed the figures contained in this publication are a revision of those presented in the observatory 2014 and include updates of the estimations and projections of national populations from 1950 to 2100 taking into account new information sources available for chile and guatemala future issues will incorporate new estimates and projections also prepared using the component method but by simple ages and calendar years

en este libro se reflexiona sobre las políticas públicas los programas y los marcos regulatorios que desde un enfoque de derechos están permitiendo ampliar la

cobertura y las prestaciones de la protección social en américa latina con miras a su universalización a través de los instrumentos de políticas y programas que se exponen y discuten se pretende ofrecer al lector claves técnicas y programáticas que contribuyan al ensamblaje y la coordinación de las políticas públicas en sistemas consistentes y sostenibles de protección social
