implement standards based grading practices that help students succeed classroom assessment and grading should help students grow and develop to their full potential but meshing traditional grading practices with students achievement on standards has been difficult and daunting making real and lasting changes to grading practices requires both knowledge and willpower this 4th edition of the best selling how to grade for learning provides eight guidelines for good grading offers recommendations for practical applications and gives solid suggestions for implementing more effective grading practices ken o connor presents the latest research on motivation mindset learning styles and beliefs about fairness to inform this new edition which includes both the why s and the how to s of implementing standards based grading practices 48 educator contributions from nationally and internationally known educators authors and consultants that provide ideas and testimonials for effective assessment practices sections on hot button issues such as academic

dishonesty extra credit bonus points and homework additional information on utilizing levels of proficiency and eliminating the use of percentages and averaging reflective exercises and numerous tools including rubrics sample letters and case studies techniques for managing grading more efficiently an invaluable resource for helping teachers assign grades that are accurate consistent meaningful and supportive of learning this book also makes an ideal staff development resource

most educators are convinced we need to do a better job of assessing students either with new tests or new applications of tests all argue that at this very critical time it is imperative that educators be very knowledgeable about assessment and the ways assessment information is used to make decisions about students the book is intended for a first course in assessment for those whose careers require understanding and informed use of assessment data the primary audience comprises those who are or will be teachers in special education at the elementary or secondary level in writing for those who are taking their first course in assessment we have assumed no prior knowledge of measurement and statistical concepts pref

i have an extremely high opinion of this textbook this is the only assessment text i have ever used that students actually read consistently students frequently comment about their enjoyment of the text and their appreciation for the humor injected throughout the chapters marcy blackburn cameron university the topics are presented very clearly are very well organized and are sufficiently comprehensive for pre service teachers brian c mckevitt iowa state university written in jim popham s characteristic witty style the fourth edition of classroom assessment addresses the range of assessments that teachers are likely to use in their classrooms the forces of accountability have changed educational assessment and this new edition now addresses the central issue of how classroom assessment can effectively benefit students when carried out in the

context of accountability tests new legislation such as the no child left behind act nclb and issues such as state standards that directly impact classroom testing and teaching are discussed to present readers with a series of practical action options in addition the text continues to analyze more traditional topics such as validity and reliability and discusses the alternative assessments used in today s classrooms mylabschool discover where the classroom comes to life mylabschool gives you powerful insights into how real classrooms work from video clips of teachers and students interacting to sample lessons portfolio templates and standards integration we give you the tools you ll need to succeed in the classroom mylabschool is only available if your instructor has set up a mylabschool course visit mylabschool com to register all you need are your instructor s course id and an access code free when packaged with a new copy of this book or available for purchase at your bookstore or a credit card to purchase immediate online access if your instructor is not using mylabschool ask him or her to consider mylabschool to give you every chance to succeed in your course

this is a book for human resource professionals academics researchers and independent consultants who are engaged in assessing other people at work it places assessment in its political economic social and organizational context and provides a critical guide to emergent issues in both research and practice the contributors to the book originate from countries in europe north america and asia and provide a vital perspective for the rapid international developments in selection and assessment in the 1990s and beyond
