is the world one or many ji zhang revisits this ancient philosophical question from the modern perspective of comparative studies his investigation stages an intellectual exchange between plato founder of the academy and ge hong who systematized daoist belief and praxis zhang not only captures the tension between rational platonism and abstruse daoism but also creates a bridge between the two

this exceptional book examines and explains plato s answer to the normative question how ought we to live it discusses plato s conception of the virtues his views about the connection

between the virtues and happiness and the account of reason desire and motivation that underlies his arguments about the virtues plato's answer to the epistemological question how can we know how we ought to live is also discussed his views on knowledge belief and inquiry and his theory of forms are examined insofar as they are relevant to his ethical view terence irwin traces the development of plato's moral philosophy from the socratic dialogues to its fullest exposition in the republic plato's ethics discusses plato's reasons for abandoning or modifying some aspects of socratic ethics and for believing that he preserves socrates' essential insights a brief and selective discussion of the statesmen philebus and laws is included replacing irwin's earlier plato's moral theory oxford 1977 this book gives a clearer and fuller account of the main questions and discusses some recent controversies in the interpretation of plato's ethics it does not presuppose any knowledge of greek or any extensive knowledge of plato

hugh h benson explores plato's answer to clitophon's challenge the question of how one can acquire the knowledge socrates argues is essential to human flourishing knowledge we all seem to lack plato suggests two methods by which this knowledge may be gained the first is learning from those who already have the knowledge one seeks and the second is discovering the knowledge one seeks on one's own the book begins with a brief look at some of the socratic dialogues where plato appears to recommend the former approach while simultaneously indicating various difficulties in pursuing it the remainder of the book focuses on plato's recommendation in some of his most important and central dialogues the meno phaedo and republic for carrying out the second approach de novo inquiry the book turns first to the famous paradox concerning the possibility of such an inquiry and explores plato's apparent solution having defended the possibility of de novo inquiry as a response to clitophon's challenge plato explains the method or procedure by which such inquiry is to be carried out the book defends the controversial thesis that the method of hypothesis as described and practiced in the meno phaedo and republic is when practiced correctly plato's recommended method of acquiring on one's own the essential knowledge we lack the method of hypothesis when practiced correctly is then platonic dialectic and this is plato's response to clitophon's challenge this is a new book on a critically important topic methodology as it is explored in three of the most important works by one of the most important philosophers in the very long history of philosophy written by a scholar of international stature who is working from many years of experience and currently at the top

of his game it promises to be one of the most important books ever written on this subject
 nicholas smith james f miller professor of humanities lewis and clark college the thesis is
 bold and the results are important for our understanding of some of the most studied and
 controversial dialogues by and philosophical theses in plato in my view hugh benson s
 examination of the method of hypothesis in the meno and the phaedo is a tour de force of
 subtle and careful scholarship i think that this part of the book will be adopted as the
 standard interpretation of this basic notion in plato an excellent and important book charles
 brittain susan linn sage professor of philosophy and humane letters cornell university
