more that 1200 smart effective and practical resources for home education on the internet and beyond

the current trend toward machine scoring of student work ericsson and haswell argue has created an emerging issue with implications for higher education across the disciplines but with particular importance for those in english departments and in administration the academic community has been silent on the issue some would say excluded from it while the commercial entities who develop essay scoring software have been very active machine scoring of student essays is the first volume to seriously consider the educational mechanisms and consequences of this trend and it offers important discussions from some of the leading scholars in writing assessment reading and evaluating student writing is a time consuming process yet it is a vital part of both student placement and coursework at post secondary institutions in recent years commercial computer evaluation programs have been developed to score student essays in both of these contexts two year colleges have been especially drawn to these programs but four year institutions are moving to them as well because of the cost savings they promise unfortunately to a large extent the programs have been written and institutions are installing them without attention to their instructional validity or adequacy since the education software companies are moving so rapidly into what they perceive as a promising new market a wider discussion of machine scoring is vital if scholars hope to influence development and or implementation of the programs being created what is needed then is a critical resource to help teachers and administrators evaluate programs they might be considering and to more fully envision the instructional consequences of adopting them and this is the resource that ericsson and haswell are providing here

historically deaf and hard of hearing people have demonstrated various levels of competence in a multitude of professions but they also have experienced discrimination and oppression in five critical sections this volume responds to the tidal wave of high stakes testing that has come to dominate educational policy and qualification for various occupations it provides a digest of relevant research to meet the testing challenge including work done by educational researchers legal experts test developers and others section i frames the contexts facing deaf and hard of hearing individuals and those who test them including a telling historical perspective in section ii chapters explore how deaf and hard of hearing candidates can meet the rigors of test taking how to level the playing field with a new approach to assessment and what to consider to develop fully accessible licensing tests the final chapter in this part examines the psychometric properties of intellectual assessments when used with deaf and hard of hearing people administrative issues constitute section iii beginning with legal considerations related to equity testing for deaf adults an exploration of the potential of sign language interpretation in the testing environment follows section iv provides case studies of deaf and hard of hearing adults from a variety of professions including certification testing for therapeutic recreation preparation strategies for university students and ways to maximize access to licensure for social workers a separate chapter

addresses the impact of recent federal mandates on assessment of deaf and hard of hearing teachers and teaching candidates the final section summarizes the current situation and presents recommendations to manage it concluding with an epilogue on directions for the future

coming straight from the creators of the praxis test this study guide includes a complete praxis 1 ppst review six full length tests and an interactive cd rom
