seminar paper from the year 2003 in the subject speech science linguistics grade 1-7 free university of Berlin John F. Kennedy Institut Abteilung Sprachwissenschaften course HS Language Policy and Language Use in Multicultural Societies Language English abstract in the last decades the number of bilingual children in German schools most of them elective bilinguals has continually increased numerous migrants and immigrants of all nationalities and of e.g. Russian and Turkish origin have raised their children in Germany while many of them never really learned to speak German as a second language L2 additionally to their first language L1 it is these kids of the second or third generation who are born as German citizens receive German schooling and grow up bilingual at home often the native tongue of the parents is spoken due to being enclosed in a cultural community within their German community they never learned to speak read or write German properly so the popular language at home remains the parents' L1 the children are usually and according to law raised and educated in German institutions kindergarten school they pick up German as a second language if for example Turkish or Russian is mainly spoken at home or they even learn German as L1 when one or both parents have a sufficient command of the German language bilingualism in migrant communities differs from the more stable and to some extent institutionally legitimized types of bilingualism characteristically it spans three generations the oldest speaker sometimes being monolingual in the community language the economically active generation being to varying degrees bilingual but with greatly differing levels of competence in the host language while children born in the host community may sometimes be virtually monolingual in the host language Milroy and Muysken 1995 p. 2 these are two examples of possible bilingualism as they can be found with the children of migrant and immigrant families so the reality in most of Berlin schools is that depending on the district a high to very high percentage of the pupils in school are Schüler nicht deutscher Herkunftssprache 1 recently a test has been designed to evaluate the skills of children who enter elementary school this test Bärenstark will be critically discussed later in this paper as a

matter of fact the importance of testing verbal skills seems to grow in germany
