written by a nutritional expert this book is the definitive work for everyone looking to improve their health through better eating full color

a to z cross referenced entries of common health conditions along with recommended foods and or supplements to treat them detailed entries on healing foods from almonds to oatmeal to salmon to zucchini and dozens in between that boost health and well being the latest information on vitamins minerals phytonutrients and more with suggestions for safe effective usage the best food sources and dietary supplements for you and your family includes delicious easy to follow recipes an overview of american diet and nutritional issues today including a comprehensive resources list and more

an a to z guide to 100 of the top medicinal foods and supplements on the market and the ailments they treat with nutrient information for each food and supplement dosage chart

illness often brings with it a sense of fear despite the incredible progress in modern medicine many of us still feel anxious at the thought of visiting a clinic undergoing lab tests or staying in a hospital we re wary of treatments that rely heavily on invasive measures like cutting replacing transplanting or radiating but true healing doesn t always require forceful intervention instead it calls for trust in both the body s natural capacity to heal and the doctor s role in supporting that process the goal should be to ease the journey through illness not to fight it with fear or unnecessary extremes we don t need to wage war against disease try to reverse aging or chase immortality what we need is to work with the body to support its built in healing mechanisms in a way that feels natural gentle and effective centuries old principles such as rest rehabilitation

relaxation quality sleep balanced nutrition and regular movement remain just as vital today it's time to let go of fear and rebuild faith in the body's resilience healing can be a peaceful and empowering experience while modern therapies have their place they should be applied thoughtfully never as shortcuts to maintain unhealthy habits like poor diet chronic stress sedentary life and frequent pill popping to continue over exertion at work this book will teach you how to effectively use the time tested fundamental guidelines of healing prescribed for centuries of rest rehabilitation relaxation along with sleep healthy eating exercise and other methods to augment the body's inherent defense processes and accelerate healing healing isn't just about recovery it's about harmony between mind body and lifestyle disease is a natural complement of health just as dying is a natural complement of life healing has to be a happy process and not worrisome don't worry heal happy is aimed at that process
