from the wag of a tail to the flutter of wings our lives with animals are filled with small moments that change us in profound ways
feathers fur and family is a heartfelt exploration of how sharing our homes and our hearts with animals shapes the people we
become through touching stories gentle insights and moments of laughter and loss this book celebrates the extraordinary bond
between humans and the creatures who walk fly and curl up beside us whether it s a dog teaching patience a cat reminding us

to rest or a rescue bird finding its voice again every story is a reminder that family comes in many forms and that love in all its messy miraculous ways knows no species moving wise and full of heart feathers fur and family will make you see your animal companions and yourself in a whole new light

daniel jarvis and irene naested highlight the natural association between math and art in a series of practical ideas for the classroom because when students understand the math art connection their understanding and confidence increase in both subjects through innovative teaching strategies and more than 100 rich learning experiences jarvis and naested give teachers a wealth of engaging tools to explore the math art connection with their own students this connection is established through examinations of natural and human designed objects from how pine cone scales spiral out in a fibonacci sequence to how geometric shapes combine in architecture to form some of the most beautiful structures on the planet

gain a deeper understanding of how students learn to read this professional development resource explores current research and offers instructional strategies that improve students reading comprehension and content knowledge skills

these innovative resources use a thematic holistic hands on approach in teaching children about the natural world through creative art activities both books support the national science standards for meaningful integration of art and science concepts and processes each book contains 30 lessons and blackline masters
