chosen john rawls s and gerald cohen s approaches to social justice cannot be complementary their disagreement about justice and its principles calls for a choice which opts either for the rawlsian theory or for the cohenian one what is the more plausible approach to social justice this work compares both approaches and aims to defend cohen s position in the light of two considerations it answers the philosophical question about the analysis of the idea of justice which puts the virtue of justice in its philosophical context it however presents a method everyone can apply in order to arrive at the fundamental principles of justice by employing the power of reason an analysis of the concept of justice based on the power of reason should seek to uncover the ultimate nature of justice which is independent of facts and of other virtues once exposed the understanding of justice arrived at should inform social institutions and determine people s daily decisions a just society is therefore a society where just persons and just institutions exhibit the virtue of justice

a revised expanded and updated edition with contributions by 325 renowned authorities in the field of ethics all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features

towards justice and virtue challenges the rivalry between those who advocate only abstract universal principles of justice and those who commend only the particularities of virtuous lives onora o neill traces this impasse to defects in underlying conceptions of reasoning about action she proposes and vindicates a modest account of ethical reasoning and a reasoned way of answering the question who counts then uses these to construct linked accounts of principles by which we can move towards just institutions and virtuous lives
